TRANSMITTAL OF ADOPTED BUDGET

Honorable Steve Bird and Members of the City Council:

It is our pleasure to present the Fiscal Year (FY) 2021-22 Adopted Budget for the City of Dixon. The budget makes possible the many services and facilities provided by the City, which contribute to the standard of living in Dixon. This budget seeks to maintain essential services such as public safety, streets maintenance, parks and recreation, water and wastewater.

This budget contrasts with the adopted budget in the previous fiscal year by the 167% increase in capital purchase appropriations. Despite concerns about the impact of economic shutdowns on city revenues, major sources demonstrated greater stability than expected.

TOTAL APPROPRIATIONS

	FY 2020 Actuals	FY 2021 Projections	FY 2022 Adopted Budget
General Fund	\$23,359,624	\$25,634,348	\$25,873,051

TRANSMITTAL OF ADOPTED BUDGET

The Current Economic Climate

State and Federal Level

Local and international economies have largely reopened following stay at home mandates and the shutdown of nonessential businesses that occurred in FY 2020-21 as a result of the pandemic. The national unemployment rate decreased from a high of 17.7% in April 2020 to 5.9% in June 2021.

The State of California unemployment rate is higher than the national rate at 7.7% in June 2021. Similar to City revenues, the State experienced an improved revenue forecast as well. Some of the areas that benefited from these stronger than expected revenues in the FY 2021-22 budget include funding to increase reserves for fiscal emergencies and stabilization accounts, COVID relief for families and small businesses and increased education funding.

The gross domestic product in the first quarter of the calendar year grew 6.4% and projections for the second quarter are 10%. During normal, non-recovery, times expected growth is between 1% and 3%. Consumers are beginning to reduce their spending on goods and while it appears that there is a labor shortage, the number of jobs available is relatively equal to the number of people in the labor market. There is a mismatch between the skill levels and the geography of the unemployed and the open jobs.

With increasing risks of variants, the COVID-19 virus remains a public health threat. Continued recovery is dependent upon a fully open economy.

The Local Economy

Solano County, along with the rest of the State of California, reopened without the constraints of public health restrictions on June 15, 2021.

In May 2021, Solano County had an unemployment rate of 7.2% and the City of Dixon unemployment rate was 6.9%. This contrasts with the respective rates in 2020 of 14.9% and 15%.

Housing sales and value have been increasing at a record pace throughout the pandemic, fueled by low interest rates and high demand. The City of Dixon has continued growth in the Valley Glen, Parklane and Homestead developments. Property tax revenues, representing 21% of the FY 2021-22 General Fund revenue budget, are projected to grow by 3.2%.

TRANSMITTAL OF ADOPTED BUDGET

General Fund

General Fund Revenues

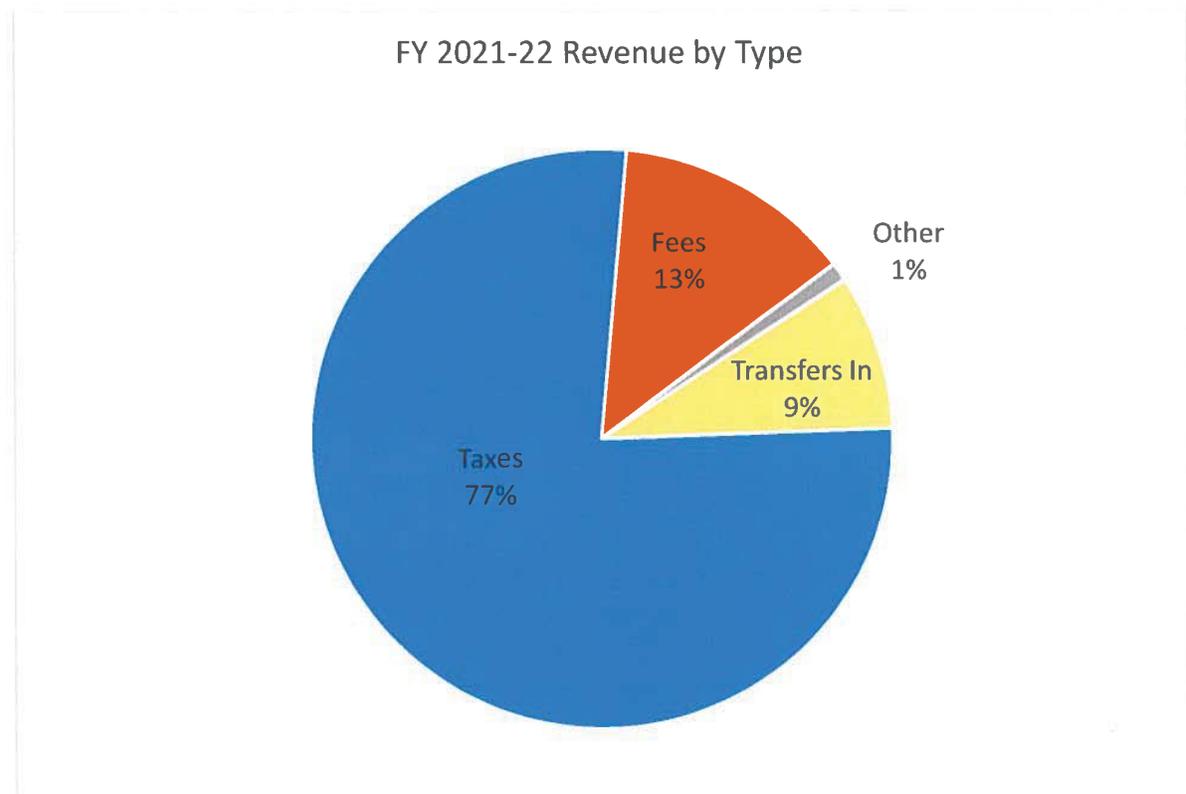

The following chart demonstrates the budgeted revenues for FY 2021-22 by type.

Taxes – Includes property taxes, sales tax, motor vehicle in-lieu tax, franchise fees, transient occupancy taxes and other taxes. Tax revenues are expected to increase moderately, with the exception of transient occupancy taxes, which are expected to have a protracted recovery from the pandemic.

Fees – Includes administrative fees, charges for services and permits. Fee revenues are expected to increase slightly due to returned services following the pandemic.

Transfers In – Transfers from other funds for cost allocation charges. The FY 2021-22 budget also includes a continued transfer from the Public Benefit Fund to maintain public safety operations.

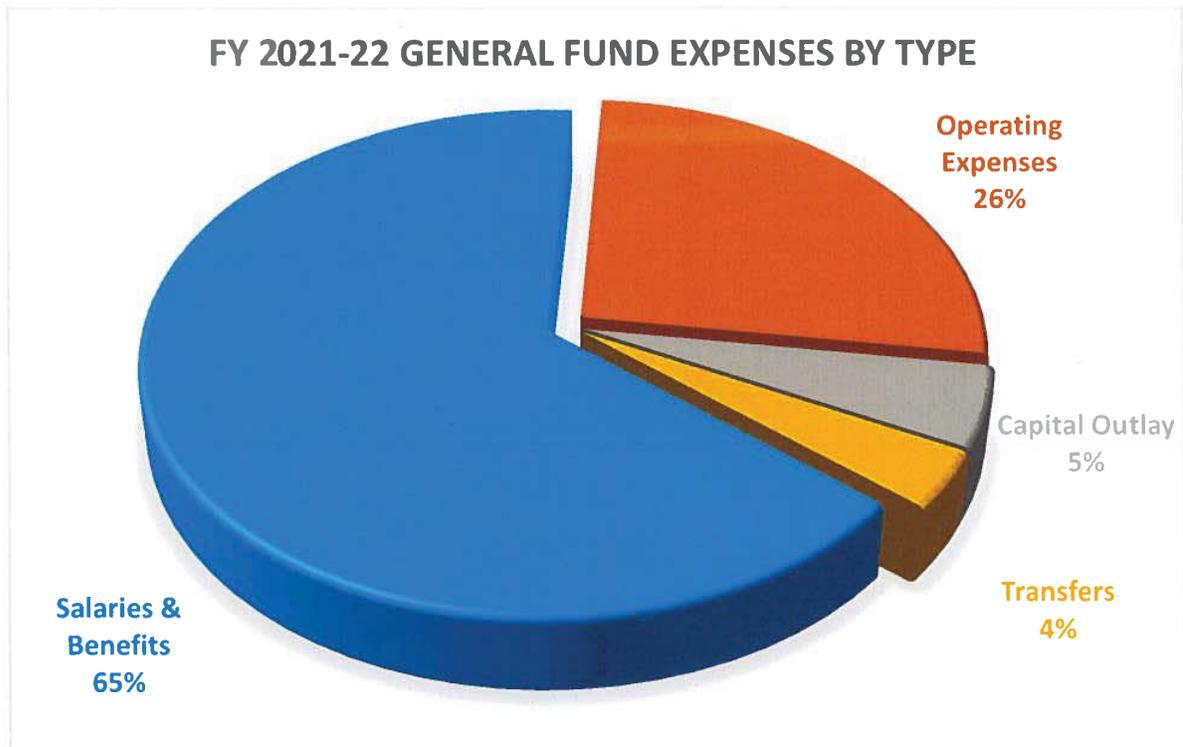

Other – Miscellaneous revenues such as lease payments, rebates and reimbursements.

TRANSMITTAL OF ADOPTED BUDGET

General Fund Expenses

The distribution of expenses by type changed in the FY 2021-22 budget due to the increased spending in Capital Outlay. This increased the percentage of capital outlay expenses from 1% to 5%.

Salaries and Benefits – Increases in salary and benefit costs are the result of new positions, existing employment contracts, and rising California Public Employees’ Retirement System costs.

Operating Expenses – Decreases in operating expenses are the result of the reduction in one-time costs and purchases.

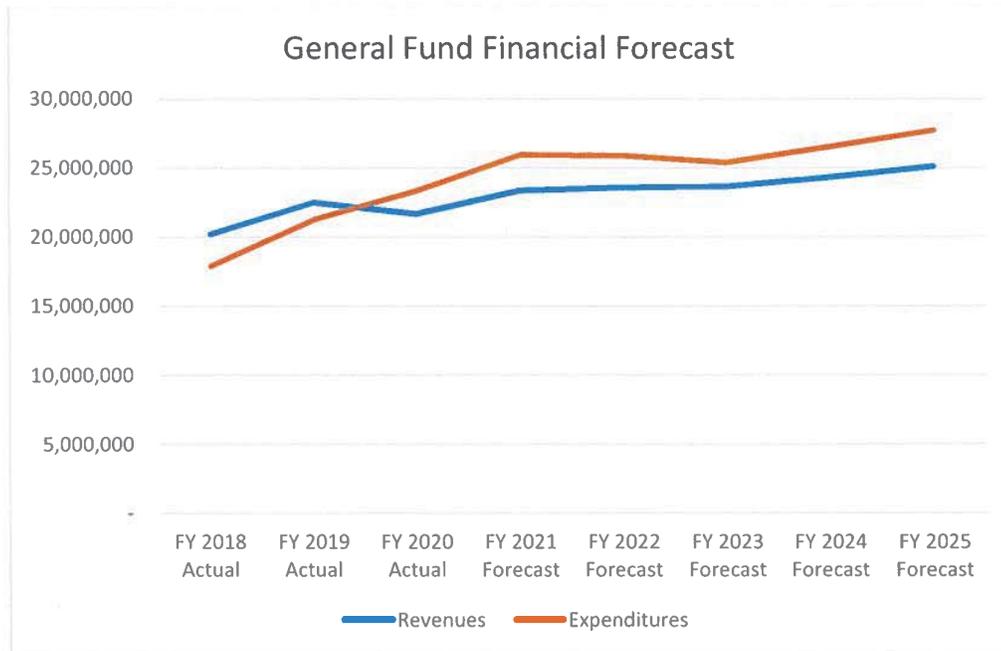

Capital Outlay – Major purchases represented in this budget include a new fire apparatus and enterprise resource planning software.

Transfers - The General Fund provides support to other funds to cover operational needs, such as the Recreation and Lighting & Landscaping District Funds. A transfer of \$75,000 to the PERS Stabilization Fund was maintained and a \$250,000 transfer to the Other Post-Employment Benefit Reserve Fund resumed. A transfer to capital projects was made to fund the Fire Station Reroof and HVAC project.

TRANSMITTAL OF ADOPTED BUDGET

General Fund Five-Year Financial Forecast

A five-year financial forecast is included in the introduction section of this budget document. The following chart demonstrates the effects of rising operating costs on the General Fund's reserve balances.

Given the current trends, opportunities to reduce expenditures and increase revenues are under review. Quarterly budget updates will be provided during FY 2021-22.

Other Funds

While the focus of this Transmittal Letter has largely been on the General Fund, the fiscal health of the Water Fund and the Lighting and Landscape District Funds continue to be challenged.

Water – Water user rates were reduced by the voters at the November 2020 election. Rates and expenses are under review as the current level of service is not sustainable under the reduced rate structure.

Lighting & Landscape Districts – Many of the rates approved for the Lighting and Landscaping Districts did not include an inflationary adjustment. These rates have become obsolete over many years and maintenance of the districts has been challenging under the fiscal constraints. The General Fund is providing increased support to the districts while the assessment rates are under review.

TRANSMITTAL OF ADOPTED BUDGET

Concluding Remarks

The current economic climate is significantly improved as compared to this time last year. As demonstrated by the Five-Year Financial Forecast, revenues are not keeping pace with expenditures. The City's economic advisors continue to provide updated projections and the Finance Department will provide the Council with quarterly reports on the financial results.

The development and delivery of the adopted budget to City Council is a culmination of months of work from staff throughout the organization. We would like to thank the City Council for their time and commitment to the serving the Community. We would also like to recognize the City's Executive Staff and their respective teams for supporting the budget development process. Finally, we want to acknowledge the members of the Finance Department for their significant contribution to the process and development of this document.

Respectfully submitted

Guide to the Document

A budget serves many purposes. It is the City's annual financing and spending plan, providing a means for allocating resources to meet the needs and desires of the residents of the City. The budget balances City revenues with community priorities and requirements. The annual budget serves as a communications device, a policy document, resource allocation tool, an accountability tool and a management tool. The budget document grants spending authority to City staff, as well as providing the spending plan for the City of Dixon.

Document Organization

Budget Process / Calendar / Policies

This section contains budget policies and procedures adopted by the City Council specific to the financial management of the City of Dixon.

Budget Overview

In this section, the Transmittal Letter summarizes the budget by outlining major programs in progress, critical issues and challenges for the fiscal year. The budget overview also summarizes the financial components of the City, including revenues and expenditures.

Summary Information

This section of the budget contains summary information about the structure of the City Government. It includes a citywide organization chart, summary financial tables and staffing levels for the budget year.

General Fund and Sub Funds

The accounts of the City are organized by fund, department, and account group. These funds and account groups are organized to segregate and account for restricted resources. Each fund and account group is a separate accounting entity. The General Fund is the primary revenue source for services that include public safety (police and fire), street maintenance, parks and recreation, and neighborhood and community services. This section includes the department descriptions and staffing.

Other Funds

The other funds section contains non-general fund sources of revenues. These funds are grouped into Enterprise Funds, Grants, Special Revenue Funds, Capital Funds, Special Assessment Districts, Debt Service, and Successor Agency Funds. Each fund type is described in this section and a financial summary is provided for each.

Appendix

This section contains a glossary and list of acronyms.

Budget Process & Calendar

Budget Practices and Policies

Budget Process and Calendar

The budget process enables the City Council to make choices about staffing, equipment, and priorities to be addressed in the upcoming year. The City Council reviews the budget for the first time in April and is required to adopt a budget by June 30.

Budget Roles and Responsibilities

This process includes formulation, preparation, implementation, administration and evaluation. All Department Directors are responsible to the City Manager, and the City Manager is responsible to the City Council for meeting the stated objectives and goals in the budget within the amounts appropriated in the budget. Individuals with specific responsibility for the budget process are as follows:

- The *City Council* sets the goals, objectives, and priorities that they want staff to concentrate on for the budget year. They are also responsible for reviewing the preliminary budget and approving the final budget for the fiscal year.
- The *City Manager* is responsible for implementing the goals, objectives and priorities of the City Council and recommending funding to carry out those goals, objectives, and priorities.
- The *Finance Director* and staff in the Finance Department are responsible for preparing estimates of remaining costs for the current fiscal year, preparing short and long-range revenue and expenditure forecasts, calculating departmental salaries and benefits, and assisting departments during the budget process. This staff is also responsible for reviewing the departmental operating and capital improvement requests as well as reviewing the department budget requests with the Director of each department and the City Manager. The Finance Director prepares the budget material for review by the City Manager.
- The Departmental Directors are responsible for reviewing historical data, collecting data on future activities and opportunities that affect the department and using this information to prepare a budget that implements the City Councils goals, objectives and priorities while at the same time carrying out the mission of the department. Each Department Director is responsible for maintaining departmental control of the approved budget for their department throughout the fiscal year.

Budget Process

The General Fund budget is adopted by the City Council before July 1 of each year. Input is received from City Council and staff throughout the organization in preparing the budget.

Budget Phases

On March 24, 2009, the City Council formally adopted a Budget Policy (09-048 and 15-074) for the City of Dixon.

Budget Development Phase – Departments develop budget requests that address new programs, evaluate existing programs, and review staffing levels. Each department begins with a base budget from the prior fiscal year adopted budget, adjusting for Memorandum of Understanding (MOU) changes and employee compensation, reducing for any one-time expenditures, increasing for known impacts, and adding new requests.

Budget Review/Modification Phase – The preliminary budget is presented by the City Manager, with the input of the Finance Department, and each Department to refine the budget into a balanced financial plan. The preliminary budget is presented to the City Council at a workshop for review and additional modification.

Adoption Phase – The final budget, as modified after the City Council workshop, is presented to the City Council for adoption. A public hearing is held and the City Council adopts the budget, typically at the first meeting in June.

Implementation Phase – Department Directors are provided with budget status reports monthly. They are responsible for reviewing the reports and maintaining budgetary control throughout the fiscal year.

Review and Approval of Budget

The City Council reviews the budget during the workshop held in May of each year. This workshop is open to the public and all city staff and provide a forum for the City Council to receive information and recommendations regarding the budget.

The budget for the General Fund is required, by law, to be adopted prior to July 1 of each year. This year, budgets for the other funds will also be adopted by July 1, in a consolidated budget document along with the General Fund.

Amendment to the Budget

The budget is adopted at the fund and departmental level. The City Manager is authorized to make transfers between account codes and departments within each fund. City Council approval is required for transfers between funds, except for those inter-fund transfers approved in the budget. The City Council must approve revisions that alter the total expenditures of any department.

The City of Dixon Adopted Budget includes the portion of the Capital Improvement Plan costs to be paid from the governmental funds and enterprise funds in the budget year.

Budget and Fiscal Practices and Policies

Reporting Entity

The City of Dixon was incorporated March 30, 1878 and is a general law city. The City of Dixon maintains a Council-Manager form of government and provides the following: public safety (police and fire), street maintenance, water, wastewater, public improvements, recreation, planning and zoning, and other general services. In addition, the financial responsibilities of the City of Dixon include the Dixon Redevelopment Successor Agency, the Dixon Public Improvement Corporation, and the Dixon Public Financing Authority.

Fiscal Policies

The City has a number of formal fiscal policies. Formal Policies are adopted by Resolution and include the Budget Policy, Investment Policy, Purchasing Policy, and a Fixed Assets Capitalization, Inventory Control, and Replacement Policy.

Budget Policy

The purpose of the Budget Policy is to provide the City of Dixon with a statement of budget principles that will be followed by the City in connection with the preparation of future budgets for the City in accordance with sound fiscal practices to promote the fiscal sustainability of the City of Dixon. Included in this policy are the following:

- Definition of a balanced budget;
- Definition of the General Fund Reserve;
- Reserve level policies for the General Fund, other funds, and related agencies.

In most cases the General Fund is the fund that is most impacted by these principles as it is the primary source of revenues for services that include public safety, street maintenance, parks and recreation, and neighborhood and community services. Adopted by Resolutions 09-048 and 15-074.

Debt Service Policy

The City is debt adverse and will only enter into debt instruments for Capital Assets which have vital importance to City services. Debt instruments will only be considered when the useful life of the asset financed exceeds the debt service period required. In all debt issuance and disclosure processes, the City will follow best practices as detailed by the California Debt and Investment Advisory Commission (CDIAC).

Investment Policy

The purpose of this Policy is to provide the City of Dixon with a statement of recommended principles that will be followed by the City in connection with the future investment of funds not required for the immediate needs of the City. This Policy is also intended to provide guidance and direction to the officers of the City who may be charged by the City Council with the responsibility of carrying out the City's approved

investment program for funds not required for the immediate needs of the City. Investment of bond proceeds, employee retirement or deferred compensation plans shall be governed by their respective authorizing documents.

This Policy generally requires the City of Dixon to invest public funds in a manner which will achieve the maximum security while meeting the daily cash flow demands of the City, reasonable investment return and conforming to all statutes, regulations, ordinances and resolutions governing the investment of public funds. The City Council adopts the Investment Policy on an annual basis in June prior to the new fiscal year.

Purchasing Policy

This policy is an administrative policy which addresses the purchase of supplies and non-professional services. It includes information about how to handle these transactions in their various forms and within the constraints of legal and policy requirements.

The purchasing policy provides guidance for making purchases of supplies and non-professional services. It explains the various types of purchase transactions and the procedures to use for each type of transaction. It covers the following areas:

- Purchases/Contracts for a Total of \$25,000 or More
- Purchases/Contracts for a Total of Less Than \$25,000
- Reviews Required Before Purchasing Process Can Begin
- Purchase Order and Contract Changes and Cancellations
- Standard Forms and Their Uses

In addition to its internal use and guidance, this policy also serves as direction for vendors interested in supplying materials, supplies, non-professional or professional services to the City.

Fixed Assets, Capitalization, Inventory Control and Replacement Policy

The purpose of this policy is to ensure adequate control and appropriate use of the City "fixed assets." The fixed asset policy defines fixed assets and establishes guidelines for their purchase, use, accounting, inventory, transfer, disposal, and replacement.

It is the policy of the City of Dixon that fixed assets be properly accounted for and used for appropriate City uses. It is the responsibility of City Department Directors to ensure that:

- purchasing guidelines are followed;
- fixed assets are adequately controlled and used appropriately; and
- the Finance Department is notified when fixed assets are acquired, transferred, or otherwise subject to disposal.

It is the responsibility of the Finance Department to ensure that fixed assets information is maintained in accordance with generally accepted accounting principles.

The City Manager is authorized to grant exceptions to specific provisions on a case-by-case basis within the intent of the overall policy. Currently, equipment replacement needs are identified and scheduled as part of the budgeting process and mid-year review.

Fund Accounting

A fund is a separate fiscal and accounting entity with a separate set of accounting records. For example, a separate fund is used to account for the funds received by the City for the Gas Tax Program. The use of Fund Accounting is one of the basic requirements of generally accepted accounting principles (GAAP) for government and is a major difference between government and commercial accounting. It requires separate record keeping for each individual fund that a government uses.

Accounting Practices

The accounting and reporting policies of the City conform to generally accepted accounting principles (GAAP) applicable to state and local governments. GAAP for local governments includes those principles prescribed by the Governmental Accounting Standards Board (GASB), which includes all statements and interpretations of the National Council on Governmental Accounting unless modified by the GASB and those principles prescribed by the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units.

The section entitled "Fiscal Policies" summarizes the policies and practices used by the City of Dixon. All enterprise fund types use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The governmental fund types and agency funds use the modified accrual basis of accounting. Under this method, revenues are recognized when they become available and measurable. "Measurable" means the amount can be determined, and "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the fund liability is incurred.

Budgetary Basis of Accounting

The budgetary basis of accounting determines when a government charges expenditures to a budget appropriation, or when it credits revenues to its funds for budgeting purposes. Although the City presents financial statements in its Comprehensive Annual Financial Report (CAFR) in accordance with GAAP, the budget

is adopted on a modified cash basis. The major difference between the two bases of accounting is as follows:

- For budgetary purposes, revenues are recorded when received. Under GAAP, revenues are recorded when susceptible to accrual.
- Capital expenditures are budgeted as an expense in the enterprise funds. Under GAAP, these expenditures are reclassified as fixed assets.

Basis of Budgeting

The City of Dixon uses a base budget budgeting method. Each department requests an annual appropriation sufficient to fund current service levels and other costs the department is responsible for managing.

The budget base year is the prior years' adopted budget, reducing it for any one-time expenditure, increasing it for known impacts (such as increased utility costs, and salary and benefit negotiated increases) and adding new proposed programs or activities.

Budget Reserve

General Fund Reserve

The beginning fund balance available reserve is comprised of the June 30th unassigned fund balance of the General Fund No. 100, plus the carry-over encumbrance reserves from the prior fiscal year which will be re-budgeted in the next fiscal year and the total fund balance of the General Fund Contingency Reserve Fund No. 101 as of June 30th.

Efforts will be made to maintain a 25% operating reserve for the General Fund as per City Council recommendation (Reso 15-074). A higher reserve level is desirable and has been maintained for the last few years.

Reserve Levels for Other Funds and related Agencies

The budgets for other funds and related agencies are considered balanced on a case-by-case basis to be determined by the City Council at the time the budget is adopted, if the resources available including the undesignated fund balance or the working capital in the case of proprietary funds are sufficient to cover the uses of funds. Certain funds have specific minimum reserve levels as follows:

- The Water and Wastewater Enterprise Funds will strive to maintain a minimum reserve level of between 25% and 50% in order to provide for rate stabilization. Due to the current budgetary situation, rates may be increased over a gradual period to achieve the required reserve levels.
- The Water and Wastewater Funds are divided into multiple funds for budgetary purposes. Development impact-fee funds shall be treated separately. Other funds financed by user fees (the operating and

maintenance fund and the capital replacement fund) shall be taken together for purposes of determining the minimum reserve level.

Definition of Balanced Budget

The General Fund budget will be considered balanced when revenues equal expenditures; however, reserves can be used to offset a revenue shortfall during a fiscal year as long as the minimum General Fund Reserve level of at between 5% and 15% is maintained, in accordance with the Budget Policy adopted by Resolution 09-048.

Appropriation Authority

The City Council adopts the budget by June 30 of each year through passage of an adopting resolution. This resolution sets expenditure limits at the fund level for the City's General Fund. A joint resolution adopts the budget for the City of Dixon, the Successor Agency (former Redevelopment Agency) and the Dixon Public Financing Authority.

Supplemental appropriations may be adopted by the City Council during the year. The City Manager is authorized to transfer budgeted amounts between departments for programs within any fund. Expenditures may not legally exceed appropriations at the fund level, which is the legal level of control.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditures of money are recorded in order to reserve that portion of the appropriation, is employed as an extension of formal budgetary integration in all fund types. Encumbrances outstanding at year-end are "rolled over" into the next fiscal year, but the related budget authority is subject to re-appropriation.

General Fund

General Fund

General (Purpose) Fund 100

The General Purpose Fund known simply as the General Fund is the primary source for discretionary spending that is not restricted by the source of the funds received. There are five functional areas in the General Fund each of which contains a number of departments representing the activities of a full service City. The divisions are: 1) Administration, 2) Development Services, 3) Community Facilities, 4) Public Safety and 5) Non-departmental.

Administration is comprised of the City Council, Manager, Attorney, Clerk, Finance, Human Resources, Information Technology, Risk Management, and Insurance budgets. Development Services includes Community Development, Economic Development, Building Inspection, and Engineering department budgets. Community Facilities includes the Public Works Operations and Maintenance, Storm Drain and Parks, Streets and Building Maintenance department budgets, as well as the Recreation and Senior Center department budgets. Public Safety is comprised of the Police, Code Enforcement, and Fire department budgets.

Non-Departmental is the budget for expenditures such as contingencies and transfers, which are not related to a particular department.

City Council

The City Council is comprised of a directly elected Mayor and four (4) district elected City Council members. The Mayor and Council Members are elected for a four (4) year term. The City Council is the policy making legislative body of the City of Dixon. The City Council acts upon all legislative matters concerning the City, approving and adopting ordinances, resolutions and other matters requiring overall policy decisions and leadership. The City Council appoints the City Manager and the City Attorney as well as various commissions, boards and citizen advisory committees to ensure broad based citizen input into the City's affairs to meet community needs and sustain demanded service levels; directs staff to initiate new programs to update existing services, determines the ability of the City to provide financing for the budget, and oversees the financial condition of the city. The City Council also serves as the Board of Directors for the Successor Agency of the City of Dixon (former Redevelopment Agency) and the Dixon Public Financing Authority.

City Council Mission

To provide policy direction and oversight for the City of Dixon; to serve as the elected representatives for the citizens of the City of Dixon in guiding municipal operations and services.

Finance

The Finance Department, plans, directs, and coordinates the fiscal affairs of the City in accordance with specific objectives established by legal and professional standards. It provides for the maintenance of the City's financial records and provides management with information necessary for sound fiscal decisions. This includes budget, debt administration, cost and revenue accounting, accounts and loans receivable, administering the transient occupancy and business license tax collections, utility billing, payroll, accounts payable and fixed assets. The Finance Department is also responsible for investing and safeguarding the City's cash in accordance with City Council's adopted investment policies.

The Finance Department serves as a customer service portal for citizens via the service counter. Staff processes over 6,000 utility bills on a monthly basis, receiving payments and responding to customer inquiries.

Finance Mission

To provide outstanding customer service to the City Council, City Management, Operating Departments, and the Citizens of Dixon in prudently managing financial resources through accurate and high quality business planning and financial services.

Community Development Department

The Dixon Community Development Department is comprised of the Planning Division, Building Division, and Economic Development Division. These three divisions provide comprehensive development services to the public.

The Planning Division reviews proposals based on policies in the General Plan and Specific Plans, Zoning Ordinance, State Law and other local ordinances. The Division ensures compliance with a number of constantly changing land use and environmental laws pertinent to development proposals. The Division also provides staff support to the City of Dixon's Planning Commission and advises the City Council.

The Building Division is responsible for implementation of the various building codes, health and safety codes, and other codes related to proper construction practices. Duties include review of construction plans, issuance of permits, calculation and tracking of permit and impact fee and daily site inspections. Other duties include code enforcement and preparation of monthly activity reports.

Both the Planning Division and Building Division provide direct assistance to the public and ensure that the proper development review process is fulfilled. The two divisions work closely with other city departments, state and local agencies in meeting this objective.

The Economic Development Division is responsible for management of grants and funds to assist in the HOME program and to obtain additional funds to improve the amenities within the City such as parks and streetscapes. In addition, the Economic Development & Grants Manager provides businesses with assistance and works with business groups both within the City and Countywide to attract and retain businesses.

Community Development Department Mission

To ensure the public health, safety and welfare for Dixon residents through the implementation of the policies in the City's General Plan, Zoning Ordinance and Building Codes and any applicable regulations.

Current Year - 2021 - Department Accomplishments

Planning Division:

- Completed the General Plan 2040 Update, with adoption in late Spring 2021
- Continued review and processing of planning entitlements for residential subdivisions at Valley Glen, Parklane, and Homestead, including processing through Planning Commission Design Review applications for two phases of Valley Glen, two phases at Parklane and five villages at Homestead

- Continued work on cannabis operations
- Processed entitlement of new commercial development, including new Popeye's Louisiana Kitchen, two residential care facilities on Lincoln St and Gateway Dr, and Design Review for Basalite along with a number of tenant improvements citywide
- Processed modification and extension to terms of Development Agreement to allow for the financing and subsequent issuance of building permits for Heritage Commons Phase III affordable senior housing complex
- Applied for and received grant funding through both the Local Early Action Planning Grants (LEAP) and Regional Early Action Planning Grants (REAP) to accelerate housing production and to implement the sixth cycle Regional Housing Needs Assessment (RHNA)
- Reactivated a Development Review Committee to facilitate inter-departmental coordination with all City departments involved in development review and improve processes

Building Division:

- Conducted all residential, commercial and industrial building inspection and plan review for development projects city-wide
- Received approximately 1,200 building permit applications and issued approximately 1,200 building permits

Economic Development Division:

- Continued to make economic development among the highest priorities for the City, including proactively reaching out to potential new businesses and streamlining processes to encourage business retention and location
- Represented the City at Solano County Economic Development meetings and events
- Produced marketing materials to attend conferences and events where the City's attributes can be displayed
- Applied for and obtained grant funding for Northwest Park improvements and La Esperanza Park and applied for grant funding for four electric vehicle charging stations within the City
- Applied for and obtained COVID relief funding through State Department of Housing and Community Development for (CV-1, 2 and 3), issuing forgivable small business loans to retain low/moderate income jobs for 7 small businesses to date

- Developed a website presence offering assistance to new businesses and provided another tool for business attraction
- Established an initiative to improve communication with local businesses to communicate pertinent information about business resources, events and policies, with an emphasis on business retention
- Participated in City assistance to small businesses in expanding outdoor dining opportunities while indoor dining was restricted due to COVID
- Commenced outreach initiative to all newly licensed businesses in the City, to welcome business and provide a point of contact

Budget Year - 2022 - Department Work Plan/Goals

Department Goals

- Continue to facilitate the Southwest Dixon Development, including continued development of new homes, as well as commercial development phase near freeway
- Continue to facilitate new residential, commercial and industrial development applications in a timely, consistent and efficient manner
- Continue the Development Review Committee to facilitate inter-departmental coordination with all City departments involved in development review, and improve processes
- Work collaboratively with the Economic Development Division to streamline the permit process and promote development

Planning Division

- Commence implementation of the General Plan 2040 programs and actions
- Initiate the update of the 6th cycle Housing Element (2023-2031) for adoption by early 2023
- Initiate the preparation of the Climate Change Action plan as required by the General Plan and Housing Element
- Commence a comprehensive update to Zoning Ordinance (Chapter 18 of Dixon Municipal Code) to make consistent with recently adopted General Plan 2040, and modernize and streamline the currently outdated Zoning Ordinance

Building Division

- Increase staffing and improve procedures to meet the demands of current permit activity

- Continue permitting and inspections for remaining lots for Valley Glen, Brookfield and Homestead subdivisions
- Assess and identify improvements to building permit process and initiate modifications to create procedures, consistency and efficiency in permitting

Economic Development Division

- Partner with all City Departments to continue to pursue grant funding opportunities that benefit the City
- Coordinate with Solano Economic Development Corporation (EDC) in the implementation of their EDA grant to update the EDC Strategic Plan
- Continue communication with existing businesses to improve retention and provide resources

Public Works

The Public Works Department is responsible for the operation and maintenance of public facilities and systems used, owned, and enjoyed by the public. These facilities (works) and systems that form the basic framework and underlying foundation for our daily lives include the streets, sidewalks, streetlights, City buildings, and parks and recreation facilities and programs.

The General Fund Public Works divisions include:

- Division 152 – Parks and Building Maintenance
- Division 153 – Streets Maintenance
- Division 154 – Storm Drain Maintenance
- Division 171 – Recreation
- Division 172 – Senior Multi-Use Center (SMUC)

Public Works Mission

Develop, operate, and maintain public facilities, structures and recreation programs in a cost effective manner while providing a safe and healthy environment.

Current Year – 2021 – Divisional Accomplishments

Parks & Building Maintenance Division:

- Supervised and implemented capital improvements to various City infrastructure (e.g., MSC front office roof, City Council Chamber carpet and HVAC replacement, SMUC flooring replacement, access control for Fire Department, and painting)
- Completed various maintenance and repairs of City parks and facilities (e.g., Rehabilitation of Softball Field 4 at Hall Park, path repairs, irrigation, tree planting and removals)
- On-going custodial services to all City facilities

Streets Maintenance Division:

- Completed asphalt repairs and crack sealing throughout the City as part of the on-going pavement repair program
- Replaced street name signs on arterial and collector streets to meet new standards for higher reflectivity and readability (year 4 of 5-year program)
- On-going LED conversion to pole top heads
- Maintenance and repair of sidewalks, traffic signs, striping, medians, and lighting within City right of way

Storm Drain Maintenance Division:

- Conducted cleaning and videoing of storm drain infrastructure Citywide (approximately 60% complete)
- Managed and maintained storm ponds and pump station
- Replaced five failing drainage inlets

Recreation:

- Established facility use guidelines and fees for the All Weather Synthetic Play Field in Hall Park
- Coordinated several recreational themed contests via Facebook
- Managed major pool maintenance repair projects at the Pat Granucci Aquatic Center
- Collaborated with other City divisions/departments, Solano County Kaiser Health Foundation, Dixon High School, local service clubs and volunteers to provide COVID Vaccination Clinics to the Dixon community
- Offered COVID compliant Lifeguard re-certifications and Lifeguard Training
- Worked with various local sports groups in creating and completing MOU Agreements that include COVID compliant guidance and safety measures

Senior Center & Programs:

- Facilitated Meals on Wheels Home Delivery Meal Program and assisted other organizations who provided donated food to Dixon seniors
- Collaborated with Solano County to provide a safe and COVID compliant polling site for the November election
- Coordinated with Solano County to offer a community COVID testing site
- Coordinated with the Dixon Rotary Club to offer the annual St. Patrick's Lunch for seniors event in a drive-thru format
- Assisted AARP Tax Aide representatives in offering COVID compliant Free Tax Aid for seniors

Budget Year – 2022 – Divisional Work Plan/Goals

Parks & Building Maintenance Division:

- Continue to supervise and implement capital improvements to various City infrastructure (e.g., painting, MSC front office roof, City Council Chamber carpet and HVAC replacement, access control for Fire Department, Northwest Park Playground and shade structure replacements, Hall Park shade structure and amenity upgrades, bathroom remodels, initiate Design of MSC reconstruction, creation of City-Wide Security CIP, Hall Park Tennis court reconstruction).
- Continue to complete various maintenance and repairs of City parks and facilities
- Continue to provide on-going custodial services to all City facilities

Streets Maintenance Division:

- Continue Street Sign Replacement Program (regulatory, caution, construction, school, and pedestrian) to comply with City Standards
- Continue asphalt repairs and crack sealing throughout the City as part of the on-going pavement repair program

Storm Drain Maintenance Division:

- Continue to clean and video citywide storm drain system (goal of 20% per year)
- Replace ten damaged storm drain inlets citywide
- Continue storm drain sampling program and best management practices in order to comply with evolving State regulations

Recreation:

- Determine and implement strategy for successful aquatic programs in the midst of social distancing and COVID
- Determine and implement strategy for successful recreation programs, including Youth Basketball, in the midst of social distancing and COVID
- Update user fees for park facilities
- Work with the Parks & Recreation Commission to continue Southwest Community Park design and update Parks Master Plan

Senior Center & Programs:

- Determine and implement strategy for successful senior programs and opportunities for social interaction, with extra precautions for participant safety in regards to COVID
- Collaborate with other City divisions/departments to complete kitchen projects

Police

The Dixon Police Department's primary responsibilities include responding to requests for emergency and non-emergency police service, offender apprehension, crime deterrence, case investigation, evidence gathering, traffic enforcement and investigation, and maintenance of order within the community.

The success of the police department in combating violent crime in the community is shared by a community who values and respects public safety personnel. The Dixon Police Department is preparing to embrace the future of law enforcement in the city by aggressively recruiting new officers, providing professional development to retain current officers, and open pathways to advancement to internal personnel, working to ensure a legacy of stability and professionalism into the future

Dixon Police Department Mission

The mission of the Dixon Police Department is to enhance the quality of life in our city by working collaboratively with our community to preserve the peace, protect the public, and provide a safe environment for everyone to enjoy all Dixon has to offer.

Current Year – 2021 – Department Accomplishments

- Implemented a motor/traffic officer position
- All positions, except one Police Officer, were fully staffed
- Implemented a structured, comprehensive crime scene investigator program

- Transitioned statistical crime reporting from Uniform Crime Reporting (UCR) to California Incident Based Reporting System (CIBRS)
- New police 800 MHz radios (mobile and portable) were purchased

Budget Year – 2022 – Department Work Plan/Goals

- Complete firing range upgrades to make facility useable year-round
- Complete implementation of new radios (mobile and portable) to the 800 MHz platform
- Complete the hiring process for the final Police Officer position

Fire

The Fire Department is responsible for fire prevention, suppression and investigation, public education, California Fire Code enforcement, plan review and inspections and state mandated inspections. The Department also provides emergency medical response at the Advanced Life Support level, confined space, trench and water rescue. The Fire Department is supplemented with a Volunteer Firefighter Program.

Our vision is to accomplish our mission by delivering exceptional Public Education and Fire Prevention Programs, as well as maintaining an effective state of readiness to respond and render the highest level of fire and emergency services to our citizens.

Fire Department Mission

The Dixon Fire Department, through a constant state of readiness, will provide a quality and reliable service to its community through leadership, education and training.

Current Year- 2021 - Department Accomplishments

- Created a bridge program for converting reserves to full-time when openings occur
- Participated in the response to the LNU Complex Incident that severely impacted our adjoining agencies
- Updated the Command Vehicle Fleet
- Supported the historic 2020 fire season with numerous resources deployed to support the State of California Mutual Aid System

- Received a FEMA Assistance to Firefighters Grant for new SCBAs
- Purchased a new air compressor SCBA fill station
- Retrofitted Water Tender 81 with air conditioning
- Auxiliary air conditioning added to Engine 381
- Completed 2020 NFPA 1851 annual inspections on all wildland and structural gear
- Implemented numerous protocols to reduce exposure of members to COVID
- Updated the Dixon Fire Department Mission Statement
- Sponsored and coordinated live fire training for regional coordinators
- Completed enhancements to the City of Dixon Emergency Operations Center
- Promoted numerous staff in the ranks of Captains and Engineers

Budget Year – 2022 – Department Work Plan/Goals

- Expand the capabilities of the training site in efforts to provide the highest caliber and realistic training programs possible
- Complete Geographic Information Systems capability in the Emergency Operations Center in conjunction with map production capability
- Perform a Citywide Emergency Operations Center exercise
- Seek improvements in the process and equipment of dispatching Dixon Fire resources
- Complete critical Fire Station security upgrades
- Explore initiating a Community Emergency Response Team (CERT)
- Publicly celebrate the 150 year anniversary of the Dixon Fire Department
- Continue to support the growth of the community with timely reviews and inspections
- Complete pre-plans of all commercial target hazard buildings within the City and Fire Protection District
- Work with the water agencies within the City to implement an improved fire hydrant maintenance and testing program

General Fund Sub Funds

General Fund Sub Funds consist of the General Fund Contingency, Council Discretionary, Recreation, Community Support, Public Benefit, Technology Fee, Flexible Grant Fee, Planning Agreements, Equipment Replacement Reserve, Building Reserve, Infrastructure Reserve, Technology Replacement, PERS Stabilization Fund, and the Other Post-Employment Benefits (OPEB) Reserve Funds. These funds are accounted for as part of the General Fund for GAAP (Generally Accepted Accounting Principles) purposes but are budgeted separately in order to separate out the expenditures of various programs.

General Fund Contingency - Fund 101

The General Fund Contingency is used to separate out a portion of the general fund reserve. Interest earning are normally the only transaction in this fund. The undesignated fund balance of the general fund and the contingency fund are added together for the general fund balance available to finance budgetary transactions.

Council Discretionary- Fund 102

The Council Discretionary Fund was established in 2008 to segregate expenditures that the City Council had set aside for particular purposes. In June 2009, the City Council adopted a General Plan fee that generates revenue in this fund to be used solely for General Plan expenses. Any revenue received prior to that date is discretionary for the Council to use. The Finance Department manages this fund.

Recreation – Fund 103

The Recreation Fund provides resources for the Recreation Division to offer programs and classes of general interest such as STEM (Science, Technology, Engineering and Math), Skyhawks Sports Academy camps, Dixon Youth Basketball, and teen activities such as lifeguard training. Activities budgeted in this fund are designed to be self-supporting and, as a result, the fee for each program is based on the estimated cost of offering that program. The General Fund may subsidize the activities, if necessary. The budget includes a scholarship program, which offers up to a 75% discount for youth aged 17 and under who meet income qualifications.

Community Support – Fund 105

The Community Support Fund is funded by a portion of the lease revenue from the digital billboard. This fund was established in fiscal year 2015 for funding community support requests as approved by Council.

Public Benefit – Fund 107

The City Council has taken various actions related to the cannabis industry including the approval of development agreements. Action to establish this fund took place in December 2017 for the accounting of cannabis revenues and expenditures specifically due to the burdens placed upon City infrastructure services and neighborhoods. This fund has supported capital projects and pays for salaries for those who specifically work on cannabis related matters through Project Administration-Direct.

Technology Fee – Fund 108

The Technology Fee Fund was established in 2017 to track the Technology Fee adopted to recover costs necessary to provide improved permit tracking and processing software. This fund is managed by the Community Development Department.

Flexible Grant Fee – Fund 109

The Flexible Grant Fee Fund is managed by the Community Development Department.

Planning Agreements – Fund 190

The Planning Agreements Fund is used to account for developer deposits to cover the cost of planning services. This fund is managed by the Finance Department. Current projects include Southwest/Homestead, Valley Glen, Valley Star Partners, and Scannell/Dorset Development.

Engineering Reimbursement Agreements – Fund 192

The Engineering Reimbursement Agreements Fund is used to account for developer deposits to cover the cost of planning services. This fund is managed by the Engineering Department.

Community Development Reimbursement Agreements – Fund 193

The Engineering Reimbursement Agreements Fund is used to account for developer deposits to cover the cost of planning services. This fund is managed by the Finance Department.

Equipment Replacement Reserve Fund – Fund 820

The Equipment Replacement Reserve Fund is funded by a transfer from the General Fund. Purchase of new equipment for the General Fund is funded by a transfer from this fund to the General Fund. This fund is managed by the Finance Department.

Building Reserve Fund – Fund 830

The Building Reserve Fund is funded by transfers made from time to time from the General Fund. Transfers out are made to cover the cost of major repairs or improvements to the City's buildings.

Infrastructure Reserve Fund – Fund 831

The Infrastructure Reserve Fund is funded by transfers made from the General Fund and was established in fiscal year 2011-12.

Technology Replacement Fund – Fund 832

The Technology Reserve Fund is funded by transfers made from the General Fund and was established in fiscal year 2017. The purpose of this fund is to provide funding for future upgrades and replacements of computers, servers and other technology that has a known anticipated lifespan.

PERS Stabilization Fund – Fund 840

The PERS Stabilization Fund was established in fiscal year 2014 to account for funds for PERS stabilization. CalPERS completed its three year lowering of the discount rate to 7% therefore rate projections and costs to the City have increased. Additional increases in PERS costs are expected due to decreased earnings during the recession.

OPEB Reserve Fund – Fund 841

The OPEB Reserve Fund was established in fiscal year 2016 to account for funds for OPEB liability and future financial obligations. The intention is to evaluate salary savings each fiscal year and augment this fund when fiscal conditions allow.

Enterprise Funds

This section contains the budgets for the Enterprise Funds: Wastewater, Water and Transit. These funds account for financing and operating of facilities, systems, and services in a manner similar to a private business enterprise.

Wastewater

The City's Wastewater Treatment Facility and Sanitary Sewer Collections System serve more than 6,000 residential, institutional, industrial, and commercial customers. Wastewater operations are accounted for in the Wastewater Enterprise Fund. For budgetary and legal compliance purposes, the Wastewater Enterprise Fund is broken into ten funds.

Fund 303 Wastewater Operating Reserve

This fund was established in FY 2019 to account for transfers from the Operations & Maintenance account (Fund 305) needed to accumulate a minimum 25% reserve level. The Finance Department manages this fund.

Fund 304 Wastewater OPEB Reserve

This fund was established in FY 2017 to accumulate funds for the unfunded actuarial liability (UAAL). The Finance Department manages this fund.

Fund 305 Wastewater Operations and Maintenance

The existing ratepayers fund the operations and maintenance of the existing Wastewater Treatment Facility and Sanitary Sewer Collections System. The Engineering/Utilities Division and Finance Department jointly manage this fund. Finance is responsible for the accounting and utility billing (revenue collections).

Engineering/Utilities Division is responsible for the operations and maintenance of the Wastewater Treatment Facility (Wastewater Fund 305-300) and the “in town” Sanitary Sewer Collections System (Wastewater Fund 305-301).

Fund 306 SRF Debt Service Reserve

Per the Installment Sales Agreement between the City of Dixon and the State Water Resources Control Board related to the construction of the Wastewater Treatment Facility Improvements project, the reserve fund must have one year’s debt service accumulated prior to the anticipated construction completion. The fund was established by Resolution 14-154 to accumulate a reserve fund. The Finance Department manages this fund.

Fund 307 Wastewater Equipment Replacement

This fund accumulates equipment replacement reserves for the sole purpose of the Wastewater operations. The Engineering/Utilities Division and Finance Department jointly manage this fund.

Fund 308 Wastewater Debt Service

This fund was established to fund the debt service for the sewer bonds issued in 1996 for \$2,635,000. The original 1996 bonds were refunded in 2012 to take advantage of lower market interest rates. An annual transfer from the Wastewater Operations and Maintenance account (Fund 305) provides for principal, interest, and ongoing administrative charges. The Sewer Bond debt was retired in 2021.

Fund 309 SRF Debt Service

This fund was established to accumulate funds to service SRF debt for the Wastewater Treatment Facility Improvements project completed in 2017. This fund is managed by the Finance Department.

Fund 310 Wastewater Capital Improvements

Wastewater capital improvements necessitated by growth are funded by development impact fees (i.e. connection fees), which by law must be accounted for in a separate fund. Fund 310 was established for Wastewater Capital Improvement projects that benefit only new development, such as the expansion of the Wastewater Treatment Facility and the extension of sewer pipelines to serve new development areas. The Engineering/Utilities Division manages this fund.

Fund 315 Wastewater Rehabilitation Projects

A transfer from the Wastewater Operations and Maintenance account (Fund 305) is made annually to a separate fund used solely for ratepayer-funded wastewater rehabilitation projects. Fund 315 was established for Wastewater Rehabilitation projects that benefit only the existing wastewater system users, such as Wastewater Treatment Facility and sewer pipeline repair projects. The Engineering/Utilities Division manages this fund.

Fund 316 Wastewater Capital Mixed Projects

Some wastewater improvement projects benefit both existing users and new development. Fund 316 was established to pay for these mixed benefit wastewater improvement projects, such as Sanitary Sewer Management Plan Studies, and programs and projects established to meet long-term regulatory requirements from the State. Transfers from both the Wastewater Operations and Maintenance account (Fund 305) and the Wastewater Capital Improvements account (Fund 310) are made annually to Fund 316. This fund is managed by the Engineering/Utilities Division.

Current Year – 2021– Division Accomplishments

- Completed upgrades and improvements to the Supervisory Control and Data Acquisition (“SCADA”) system to reduce power and improve water savings efforts at the Wastewater Treatment Facility
- Completed upgrade to the Effluent Flow Meter at the Wastewater Treatment Facility
- Continued existing sanitary sewer line cleaning and video inspection program
- Continued existing restaurant permitting and inspection program
- Continued main line repairs, as necessary, throughout the system
- Continued industrial permitting, inspections, and testing
- Retained consultant to begin development of a Sewer System Master Plan, including a Hydraulic Model, Computerized Maintenance Management System (“CMMS”), and Geographic Information System (“GIS”) database

Budget Year – 2022 – Division Work Plan/Goals

- Continue existing sanitary sewer line cleaning and video inspection program
- Continue existing restaurant permitting and inspection program
- Continue main line repairs, as necessary, throughout the system
- Continue industrial permitting, inspections, and testing
- Complete the Sewer Master Plan
- Continue development of CMMS and GIS databases
- Update the Sanitary Sewer Management Plan

Water

As a result of the dissolution of the Dixon-Solano Water Authority (a Joint Powers Authority between the City of Dixon and Solano Irrigation District) in 2012, the City assumed all water operations in August 2014. The City serves nearly 3,200 residential, institutional, industrial, and commercial connections that are not in the California Water Service Company service area. Water operations are accounted for in Water Enterprise Funds.

Fund 331 Water Operations and Maintenance

The existing ratepayers fund the operations and maintenance of the existing water system. The Engineering/Utilities Division and Finance Department jointly manage this fund. Finance is responsible for the accounting and utility billing (revenue collections). Engineering/Utilities Division is responsible for oversight of the operations and maintenance of the water system.

Fund 332 Water Operations Reserve

This fund was established to account for transfers from the Operations & Maintenance account (Fund 331) needed to accumulate a minimum 25% reserve level. This fund is managed by the Finance Department.

Fund 333 Water Capital Reserve

This fund was established to accumulate funding for rehabilitation projects that benefit existing ratepayers. The Engineering/Utilities Division manages this fund.

Fund 334 Water Capital Projects Improvements

This fund accounts for capital improvements necessitated by growth through development impact fees (water connection fees) or developer contributions, which must be accounted for in a separate fund. Any water capital improvement projects that benefit only new development, such as a new well/tank/booster facility, expansion projects, and the extension of pipelines to serve new development areas, would be budgeted in this fund. The Engineering/Utilities Division manages this fund.

Fund 335 Water Capital Projects Rehabilitation

This fund has been established to account for capital projects undertaken to rehabilitate the existing system that benefits existing ratepayers. The Engineering/Utilities Division manages this fund.

Fund 336 Water OPEB Reserve

This fund was established in FY 2020 to accumulate funds for the unfunded actuarial liability (UAAL). The Finance Department manages this fund.

Current Year – 2021 – Division Accomplishments

- Completed SCADA upgrades at Valley Glen, Parklane, and Watson Ranch facilities
- Implemented valve exercising and hydrant flushing programs
- Developed and utilize Computerized Management & Maintenance System (CMMS) and GIS programs
- Continued service and meter replacements, as necessary
- Performed instrumentation and electrical upgrades at Fitzgerald, School Well, Industrial, and Valley Glen facilities
- Implemented Cross Connection and Lead Service Line Repair Programs
- Cleaned tanks at Watson Ranch and Parklane facilities

Budget Year – 2022 – Division Work Plan/Goals

- Continue Arc Flash study
- Add booster pumps at Fitzgerald and Parklane facilities
- Continue VFD upgrades at Fitzgerald facility
- Continue Watson Ranch site improvements
- Begin design to re-coat Watson Ranch tank
- Complete re-coating of Parklane tank #1
- Continue development of GIS and CMMS
- Begin water meter replacement program and upgrade for automated meter infrastructure
- Continue maintenance of SCADA system
- Continue implementation of valve exercising and hydrant flushing programs
- Begin development of groundwater sustainability plan
- Design and begin implementation of Watson Ranch well replacement

- Continue implementation of instrumentation and electrical upgrades at Valley Glen facility
- Continue design and implementation of Industrial facility replacement, including existing well, building infrastructure, pumps, motors, generator, surge tank, and electrical panels
- Continue implementation of Cross-Connection Program
- Begin asbestos concrete pipe replacement in Watson Ranch service area
- Develop urban water management plan, pending City growth exceeding 3,000 water connections
- Implement seismic upgrades to existing water storage tanks

Fund 350 Transit

The Transit Fund is an Enterprise Fund managed by the Public Works Department. The budget includes operations resources for Read-Ride, which provides curb-to-curb transit service within the Dixon City limits. The system operates Monday-Friday from 7:00 a.m. - 5:00 p.m. Read-Ride currently operates up to five buses during peak demand hours. In FY 2020, total ridership for all programs was 43,327. Ridership was trending up in FY 2020, until the COVID-19 pandemic.

An intercity taxi-script program, administered by the Solano Transportation Authority (“STA”), is also available for after-hours paratransit trips. Starting in FY 2020, passengers can use a card, rather than script (coupons), to pay for the service.

The budget contains funds for 7.95 permanent full-time equivalent staff, vehicle maintenance, administrative expenses, operating supplies, and insurance. Transit operations are funded by the City’s allocation of Transportation Development Act (“TDA”) funds, Federal Transit Administration (“FTA”) Section 5311 grants, and customer fares.

The 2020 Short Range Transit Plan (“SRTP”) concluded that Read-Ride will remain fiscally sustainable if public demand is met by the existing operating system. In FY 2021, staff worked with STA and consultants to determine whether a modified fixed route would better serve Dixon as the city continues to build out. The study was completed, but testing and implementation were deferred until post-COVID.

Current Year – 2021 – Division Accomplishments

- Provided reliable on-demand transit service, in compliance with all COVID restrictions
- Completed modified fixed route study
- Replaced one bus
- Successfully completed Triennial Performance Audit

Budget Year – 2022 – Division Work Plan/Goals

- Continue to provide reliable on-demand transit service
- RFP/Q for Microtransit Software as a Service (SaaS) technology solution

Grant Funds

There are a number of grants received by the City that are designated for special purposes.

Fund 500 CARES

The CARES Fund 500 was established in FY 2020 to track the Coronavirus Aid, Relief, and Economic Security Act (CARES) of 2020 revenues received from the federal government for COVID related expenses. This fund is managed by the Finance Department.

Fund 525 Home Loan Grant Fund

The Home Loan Fund 525 exists to account for HCD HOME grant funds used to fund first time homebuyer loans and the related program income. This fund was created in FY 2008 to separate out these types of loans from other loans. Program income is estimated very conservatively because all loans have been deferred and therefore payoffs are only received when the borrower refinances or sells the property.

This fund is managed jointly by Economic Development/Grants Manager and the Finance Department. Economic Development is responsible for the program, compliance, loan administration, and the Finance Department responsible for loan accounting.

Fund 550 Used Oil Grant Fund

Each year the City is awarded a grant from the State for used oil and filter collection, recycling, and the cost of education on the hazards of improper disposal of used oil and filters. Appropriations are made to cover the cost of used oil and filter collection and to educate the public on the hazards of improper disposal of used oil and filters. In past years, this grant was managed by the Engineering Department. However, going forward, Solano County will manage this grant on behalf of the City.

Fund 560 Police Grants Fund

The Police Grants fund is used to account for special police expenditures, which are funded by a State grant. This includes half the cost of a full-time Police Sergeant, as well as operational supplies such as tactical vests, firing range equipment, portable radios and safety equipment.

Fund 570 CDBG Fund

The CDBG (Community Development Block Grant) Fund exists to account for grant funds, which are used to make loans to businesses to promote the City's economic development goals, create jobs, assists with infrastructure improvements, program income and private investment dollars, as well as the related program income.

Expenditures consist of loan disbursements and administration costs. This fund is managed jointly by Economic Development/Grants Manager and the Finance Department, with Economic Development being responsible for the program and compliance and the Finance Department responsible for loan administration and accounting. Currently there are four active loans.

Fund 572 CDBG Housing Rehabilitation Grant Fund

The CDBG Rehabilitation Fund exists to account for grant funds, which are used to make housing rehabilitation loans to owner-occupied housing units in order to improve the City's low and moderate income housing units. This fund is managed jointly by Economic Development/Grants Manager and the Finance Department. This fund is not included in the Budget Overview – Grant Funds due to zero fund balance and zero activity.

Fund 573 CDBG Coronavirus Relief Grant Fund

The CDBG – Coronavirus Aid, Relief, and Economic Security Act funds were awarded to provide forgivable loans as a form of assistance to small businesses. This fund is managed by Economic Development with the loan accounting performed by the Finance Department.

Fund 574 CDBG Planning Grant Fund

This planning grant was awarded for the design of La Esperanza Park. This fund is managed by Economic Development and Engineering.

Special Revenue Funds

Special Revenue Funds are funded by revenues designated for a specific type of expenditure. These include the Gas Tax, Road Maintenance & Rehabilitation, Traffic Safety, Certified Access Specialist (CASp), and Asset Forfeiture Funds.

Fund 530 Gas Tax Fund

All gas taxes are placed in this fund to be used for transportation purposes, such as road maintenance and street lighting. Expenditures consist of transfers to the General Fund to cover the cost of Public Works and Engineering staff time and expenses for traffic control measures, such as barricades, stop signs, beacons, street light energy and repairs, minor pavement and concrete work, and maintenance of landscaping within the public right-of-way.

This budget includes an employee (shared with Fund 651) to assist City crews to perform small sidewalk and pavement dig out repairs. A transfer to the Transit Capital Project fund continues in 2021-22 to repay an interfund loan for West B Undercrossing. This fund is managed by the City Engineering, Public Works, and Finance departments.

Fund 531 RMRA (Road Maintenance and Rehabilitation Account) Fund

The RMRA fund was created in FY 2018 to track SB1 Road Repair and Accountability Act of 2017 revenues received from the state for local street maintenance and rehabilitation needs. Allocation is on a per capita basis. On April 21, 2020, staff sought

Council authorization of the FY 2021 RMRA street rehabilitation project list and requested to defer appropriation of the funding until FY 2022 based upon uncertainty of revenue related to COVID-19 pandemic. The law requires that each city annually submit a list of projects to the California Transportation Commission to remain eligible for apportionments. This fund is managed by the City Engineering and Finance departments.

Fund 540 Traffic Safety Fund

The Traffic Safety Fund accounts for revenue from motor vehicle fines and forfeitures. Appropriations are made to cover the cost to maintain traffic signals by a contractor, signage and striping improvements recommended by the Transportation Advisory Commission and approved by the Council, as well as to reimburse the General Fund for a small amount of overhead per the cost allocation plan. This fund is managed by the Public Works and Finance departments.

Fund 545 CASp Fund

The Certified Access Specialist Fund was created to segregate these revenues and expenditures. These amounts previously were recorded in a General Fund liability account. With the adoption of AB1379, a separate fund is required. This fund is managed by the Community Development and Finance departments.

Fund 561 Asset Forfeiture Fund

Revenues in the Asset Forfeiture Fund consist entirely of the proceeds of asset forfeitures resulting from Police activity. Appropriations are made for special Police activities. This fund is managed by the Police Department. There has been no activity in terms of revenue or appropriations for the fiscal year.

Capital Improvement Project Funds

Capital Improvement Project Funds account for financial resources used for the acquisition or construction of major capital facilities other than those financed by an Enterprise Fund or Special Assessment Fund.

The City of Dixon's Capital Improvement Project ("CIP") funds are summarized below:

Fund 400 Unrestricted CIP

Fund 400 accounts for the revenue and expenses budgeted for capital projects relating to administrative infrastructure. The AB 1600 Development Impact Fee Study (specific to the Transportation Fee) is an ongoing project in this fund.

Fund 401 Pardi Market

Fund 401 was established in FY 2017 in order to track construction expenditures associated with the Pardi Market Plaza project with funding provided by the General Fund. Phase 2 of the project was awarded in May 2021 and is expected to be completed by the end of the fiscal year.

Fund 404 Community Development CIP

Fund 404 is an unrestricted fund designated for Capital Improvement Projects, which has been on the books of the City since the 1970's. The fund represents one-time monies, which can be used for any purpose, capital or non-capital. The Finance department manages this fund. There has been no activity in terms of revenue or appropriations for the fiscal year.

Fund 410 Fire CIP

Fund 410 accounts for development impact fees collected to fund fire infrastructure. FY 2022 reflects increased revenue from the Parklane and Homestead subdivisions.

Fund 420 Police CIP

Fund 420 accounts for development impact fees collected for capital projects relating to police infrastructure. As with the Fire CIP fund, funding of debt service payments associated with the Police station have been a challenge due to the economic environment of declining impact fees received. As noted above, FY 2022 reflects revenue from the development activities in Parklane, Valley Glen, and Southwest/Homestead subdivisions.

Fund 430 City Facilities CIP

Fund 430 accounts for development impact fees collected to fund expansion of City Administrative Facilities. FY 2022 reflects revenue from the development activities in Parklane, Valley Glen, and Southwest/Homestead subdivisions. This fund is managed by the Finance department.

Fund 440 Public Works Facilities CIP

Fund 440 accounts for development impact fees collected to fund public works facilities. The MSC Improvement / Master Plan will continue to be developed in FY 2022. This fund is managed by the Engineering Department.

Fund 450 Storm Drainage Facilities CIP

Fund 450 accounts for development impact fees collected to fund expansion of the City's drainage facilities. The City is faced with challenges obtaining funding to cover the cost of interfund loans to fund facilities. The facilities were constructed with interfund loans. Interest will continue to be added to the principal of the \$1,275,000 loan made to fund Pond C. Completion of the AB1600 fee (i.e. Storm Drain Impact Fee) will be completed through an agreement with the Dixon Regional Watershed Joint Powers Authority. The Storm Drain Master Plan cannot be completed until sufficient funding is available. Staff will continue to research funding opportunities.

Fund 460 Transportation Facilities CIP

Fund 460 accounts for grants, fees, transfers from other funds and development impact fees collected to fund streets and transportation infrastructure. Projects include various interchange and corridor studies, evaluation of various street signals and traffic model, and completing the Streets Master Plan. This fund is managed by the Engineering Department.

Fund 461 Parkway Blvd. Overcrossing

Fund 461 was established with the adoption of the FY 2018 Budget to allow better tracking of the Parkway Blvd. Overcrossing project that was established in FY 2003. This project is funded by grant funds and developer fees. Right-of-way acquisition negotiations were completed during FY 2020. This fund is managed by the Engineering Department.

Fund 469 Northeast Quad Infrastructure

The Northeast Quad Infrastructure Fund is used to account for landowner deposits to cover the cost of infrastructure installation in the northeast quadrant of the City including, but not limited to, water, storm drain, and streets. Each landowner is contributing a proportional share to the fund based on parcel size. Fund 469 was established in FY 2019. This fund is managed by the Engineering Department.

Fund 470 Transit Facilities CIP

Fund 470 accounts for grants received to fund transit facilities and bus replacements. Capital funding for (2) new buses and an electrification station is anticipated in FY 2022. This fund is managed by the Public Works Department.

Fund 480 Recreation & Parks CIP

Fund 480 accounts for development impact fees collected to fund expansion of recreation and parks facilities. The FY 2022 budget includes Hall Park Phase III & IV, a Parks Master Plan update, and initial phases of the Southwest Community Park/Community Center/Aquatics Center. This fund is managed by the Public Works Department.

Fund 481 Parks CIP

Fund 481 accounts for park in lieu fees. The FY 2022 budget includes reconstruction of the Hall Park Tennis Courts, and initial phases of the Pat Granucci Aquatic Facility Renovation. Funds are held for the future purchase of park land needed to meet the General Plan Policy of 5.0 acres per thousand population. This fund is managed by the Public Works Department.

Fund 490 Agricultural Land Mitigation CIP

Fund 490 accounts for development impact fees collected to fund greenbelts. No revenues are anticipated this year and there are no proposed appropriations. This fund is managed by the Finance Department.

Fund 491 Parklane Construction

Fund 491 was established in FY 2016 for tracking the construction expenditures associated with Parklane Community Facilities District. This fund is managed by the Finance Department with technical review/assistance from the Engineering Department.

Fund 492 Valley Glen II Construction

This fund tracks the construction expenditures associated with the Valley Glen II Community Facilities District. The recently issued 2019 Debt series includes construction activity in this Improvement Fund. One draw down has been requested. This fund is managed by Finance with technical review/assistance from Engineering Department.

Fund 493 Homestead Construction

This fund tracks the construction expenditures associated with the Homestead Community Facilities District. The recently issued 2020 Debt series includes construction activity in this Improvement Fund. This fund is managed by Finance with technical review/assistance from Engineering Department.

Special Assessment, Community Facilities Districts and Landscape & Lighting Maintenance District Funds

There are funds for one Special Assessment Districts, five Community Facilities Districts (CFDs) and a Landscape & Lighting Maintenance District, which are funded by either a special assessment or a special tax, placed annually on the county tax rolls. The funds are jointly managed by the Engineering, Public Works and Finance departments.

Fund 600 Landscaping and Lighting Maintenance District

The Dixon Landscaping and Lighting Maintenance District was established in 1989 and is managed by the Engineering and Public Works Departments. The annual Engineer's Report identifies the 10 zones within the LLMD, each of which is assessed a different amount on the property tax roll. The amount assessed to the properties within each zone is fixed without an escalator with the exception of Zone 10 (Valley Glen). Zone 10 increases with the Consumer Price Index (CPI). The lack of a CPI factor in the other zones results in decreased levels of service and the need for additional General Fund supplements. Improvements maintained by the District include street lighting, landscaping, irrigation, and repairs (e.g., graffiti abatement). The City's General Fund contributes to the LLMD Fund for a proportionate part of the shared areas and for funding shortages.

Fund 651 Valley Glen CFD – 2003-1

Via Resolution 03-210, the Dixon City Council established the Valley Glen Community Facilities District No. 2003-01. This reserve fund is for operations, maintenance, and improvements of the municipal storm drainage facilities, including the pump station, Pond A, Lateral One, and the associated conveyance infrastructure.

Fund 655 Pond C / Lateral-2 CFD

This reserve fund is for the operations, maintenance, and improvements of drainage Pond C.

Fund 720 North First Street Assessment District

The North First Street Assessment District accounted for the proceeds of Special Assessments collected on the property tax roll. This fund is not included in the Budget Overview – Grant Funds due to zero fund balance and zero activity. This debt was retired in FY 2020.

Fund 725 CFD 2013-1 Parklane

Fund 725 replaces Fund 660. Auditors requested Fund 660 be replaced by Fund 725 and Fund 491 for better tracking. This CFD was established by Resolution No. 13-134, adopted on October 8, 2013, for the maintenance of public street lighting and landscapes, open space and pedestrian facilities within the Parklane subdivision. Beginning in FY 2016, the authorized special tax levy began for homes for which building permits had been issued by June 30, 2015. Assessments are estimated based on a levy authorized by the City Council for Community Facilities District 2013-1 (Parklane) and includes an

annual assessment escalation based upon a regional index. Expenditures consist of labor for maintenance provided by Public Works staff, contract labor, and the necessary materials.

Fund 726 CFD 2015-1 Valley Glen II

This CFD was established by Resolution No. 15-038, adopted on March 24, 2015, for the maintenance of public street lighting and landscapes, open space and pedestrian facilities within the Valley Glen Phase 2 subdivision. Beginning in FY 2016, the authorized special tax levy began for homes for which building permits had been issued by June 30, 2015. Assessments are estimated based on a levy authorized by the City Council for Community Facilities District 2015-1 (Valley Glen II) and includes an annual assessment escalation based upon a regional index. Expenditures consist of labor for maintenance provided by Public Works staff, contract labor, and the necessary materials.

Fund 727 2019 CFD 2015-1 Valley Glen II Debt Service

The City of Dixon has issued bonds to fund a series of public improvements within the District via Resolution 19-043 adopted March 12, 2019. This fund is not included in the Budget Overview – Grant Funds due to zero fund balance and zero activity. This fund was consolidated with Fund 726 in FY 2020.

Fund 728 CFD 2019-1 Homestead

This CFD was established by Resolution No. 19-161, adopted on September 3, 2019 for the maintenance of public street lighting and landscapes, open space and pedestrian facilities within the Homestead subdivision. Beginning in FY 2022, the authorized special tax levy will begin for homes for which building permits have been issued by June 30, 2021. Assessments are estimated based on a levy authorized by the City Council for Community Facilities District 2019-1 (Homestead) and includes an annual assessment escalation based upon a regional index. Expenditures consist of labor for maintenance provided by Public Works staff, contract labor, and the necessary materials.

Debt Service

DPFA (Dixon Public Financing Authority)

The DPFA (Dixon Public Financing Authority) is a legally separate entity, which is a joint powers authority formed on October 24, 1979 between the City of Dixon and the former Dixon Redevelopment Agency. Although it is a component unit of the City of Dixon, it is a legally separate entity. The City Council serves as the Board of Directors, with the Mayor serving as Chair. City staff hold corresponding roles for the authority (City Manager is the Executive Director, City Clerk is the Secretary, City Attorney is authority's counsel, etc.). The only purpose of the authority is to serve as a conduit for debt issued by the City. These funds are managed by the Finance Department. There is no active debt in these funds at the beginning of fiscal year 2022.

Lease Financing Fund 275

These lease revenue bonds were paid in full during fiscal year 2021. The City of Dixon issued lease revenue bonds to finance a series of projects over the years including Dixon City Hall, the Police Department and the Fire Station. It was determined that economies of scale could be achieved by packaging the three existing lease revenue bonds into a single refunding issue. Staff established the Lease Financing Fund 275 in 2012 to account for this refinancing.

DPFA Reassessment Revenue Bond Fund 281

These revenue bonds were paid in full during fiscal year 2020. Fund 281 was used to pay the 2013 refunded Assessment District Debt. The North First Street Assessment District collected assessments to pay debt service on the revenue bonds. The interest and principal payments on the North First Street Assessment District bonds were the sole security for the payment of the Reassessment Revenue Bonds, Series 2013.

These bonds were a limited obligation of the City of Dixon with the collection and transfer of assessments from the property owners in the assessment district to the fiscal agent of the Revenue bonds for payment of the debt service as the only responsibility. The City initiated judicial foreclosure against any delinquent property owners on behalf of the district.

This fund is not included in the Budget Overview – Debt Service Funds due to zero fund balance and zero activity. This debt was retired in FY 2020.

Successor Agency Funds

On January 10, 2012, the City Council affirmed the City of Dixon as the “Successor Agency of the City of Dixon”. As of February 1, 2012, all redevelopment agencies in California were dissolved and no longer exist as public bodies. As a successor agency, the City will be responsible for winding down the affairs of the former Dixon Redevelopment Agency pursuant to state law. Under Community Redevelopment Law, successor agencies are given the authority, rights, powers, duties and obligations previously vested with the former Redevelopment Agency.

Assets of the former redevelopment agency including properties, leases, contracts, buildings, and equipment are transferred as of February 1, 2012 to the control of the Successor Agency. The law provides that actions of the Successor Agency will be monitored by a seven member Oversight Board.

The key Successor Agency responsibilities include the preparation of a Recognized Obligation Payment Schedule (ROPS) for each six month period of each fiscal year identifying the source of payment; the enforcement of all former redevelopment agency rights for the benefit of the taxing entities and to expeditiously dispose of assets and properties of the former redevelopment agency as directed by the Oversight Board. The Successor Agency received approval for a Last and Final ROPS with remaining bond obligations set to be paid in full by the end of FY 2025.

Assembly Bill (AB 1484) made several substantive changes to the prior legislation dissolving California redevelopment agencies, more commonly referred to as Assembly

Bill x 1 26 (ABX1 26). Some of the changes that had an impact on the Successor Agency budget are as follows:

1. AB 1484 required the Successor Agency to remit a residual balance to the Solano County Auditor-Controller by July 12, 2012 for the initial ROPS period in the amount of \$495,330.66; and
2. The Successor Agency hired a licensed accountant to perform a “Due Diligence Review” of all housing and non-housing redevelopment agency and successor agency financial activities that transpired between January 1, 2011 and June 30, 2012.

As noted at the California Department of Finance website, under ABx1 26 and AB1484, successor agencies are directed to dispose of former redevelopment agency properties. Procedures are prescribed for properties with a governmental purpose and a non-governmental purpose.

Fund 740 Redevelopment Obligation Retirement Fund

The Successor Agency created the Redevelopment Retirement Trust Fund in its Treasury. Fund 740 – the RDA Obligation Retirement Fund has been created to comply with this provision. The Successor Agency received approval for a Last and Final ROPS with remaining bond obligations set to be paid in full by the end of FY 2025.

Fund 527 Low and Moderate Income Housing Asset Fund

AB X1 26 also required cities and counties that created a redevelopment agency to determine whether they wished to retain the housing assets and functions of their agency or transfer them to another public entity. On January 24, 2012, the City Council adopted Resolution No. 12-018 electing to retain the housing assets and functions. The Housing Successor Agency assets will be maintained in this fund.

Redevelopment Agency (Dissolved February 1, 2012)

AB X1 26 and AB X1 27 are two bills that were enacted on June 29, 2011 as part of the State of California (“State”) budget for fiscal year 2011-12. On July 18, 2011, the California Redevelopment Association (the “CRA”) and the League of California Cities filed a petition with the California Supreme Court (the “Court”), requesting the Court to review the constitutionality of AB X1 26 and AB X1 27 (*California Redevelopment Association, et al., v. Matosantos, et al.* (Case No. S194861)) (the “CRA Lawsuit”).

On December 29, 2011, the Court issued its opinion in the CRA Lawsuit. The Court largely upheld ABX1 26, which provides for the wind-down and dissolution of redevelopment agencies, and invalidated in its entirety ABX1 27, which provides for an alternative voluntary redevelopment program. As a result of the decision, all California redevelopment agencies, including the Agency, were dissolved as of February 1, 2012.

The descriptions of the previous Agency funds are provided for historical reference.

Fund 510 Redevelopment Fund

Tax increment was the primary funding source for the Redevelopment Agency. Tax Increment is created from the growth in property taxes after the agency is formed.

The primary purpose of the Agency is to prepare and carry out plans for improvement, rehabilitation and redevelopment of blighted areas within the City. There had been one project area within Dixon, which encompassed about one fourth of the City.

Fund 520 Low and Moderate Income Housing Fund

Section 333346 subdivision (c) of the California Health and Safety Code required the Agency project areas to deposit 20% of allocated tax increment revenues into a Low and Moderate Income Housing Fund. The 20% set aside funds first time homebuyer and rehabilitation loans and grants to increase the supply of low and moderate income housing.

**CITY OF DIXON RESOLUTION NO. 21-118
SUCCESSOR AGENCY OF THE CITY OF DIXON RESOLUTION NO. 21-001
DPFA RESOLUTION NO. 21-001**

RESOLUTION APPROVING AND ADOPTING THE ANNUAL BUDGET FOR FISCAL YEAR (FY) 2021-22 FOR THE CITY OF DIXON, THE SUCCESSOR AGENCY OF THE CITY OF DIXON AND THE DIXON PUBLIC FINANCING AUTHORITY (DPFA), IN THE AMOUNTS SET FORTH IN THIS RESOLUTION, APPROVE THE FINAL FY 2020-21 BUDGET AMENDMENTS AND AUTHORIZATION TO ORDER VEHICLES APPROVED IN THIS BUDGET.

WHEREAS, the City Manager has prepared, transmitted, and presented the Proposed FY 2021-22 aforementioned budgets to the City Council, Successor Agency Board, and Financing Authority Board for their consideration; and

WHEREAS, a budget workshop was held by the City/Agency/Authority on May 19, 2021 and the City Council has completed an open public process to review the Proposed FY 2021-22 budgets for the purposes of evaluating and discussing the proposed budget, and has concluded its deliberation/discussion with a public meeting held on June 1, 2021, for the purpose of providing additional opportunity for Council and public discussion; and

WHEREAS, changes to the Proposed Budget have been identified and will be included in the Adopted Budget; and

WHEREAS, the City/Agency/Authority and their respective governing boards prepare and adopt the aforementioned budgets with the intent of providing for services and to carry out the program of services; and

WHEREAS, the Proposed Budget for FY 2021-22, as amended (Exhibit A by fund), proposes revenue and appropriations in the amounts as follows:

FISCAL YEAR 2021-22 PROPOSED BUDGET	Revenues & Transfers	Expenditures
General Fund	\$23,574,002	\$25,873,051
General Fund Sub Funds	2,983,591	2,801,014
Enterprise Funds	13,894,778	14,460,312
Grant Funds	293,216	306,205
Special Revenue Funds	948,968	962,503
Capital Improvement Funds	8,679,512	5,229,883
Special Assessment Funds	2,430,128	2,721,510
Successor Agency Fund	319,968	318,712
Total	\$53,124,163	\$52,673,190

WHEREAS, a world-wide electronic chip shortage has required early ordering of leased fleet vehicles to meet shortened ordering windows: and

WHEREAS, in reviewing the 2020-21 budget and fund balances, staff has identified additional 2020-21 budget amendments (Exhibit B) and seeks Council authorization to make these changes.

NOW, THEREFORE BE IT RESOLVED, that the City Council/Agency/Authority does hereby approve the FY 2021-22 budgets as outlined in Exhibit A and incorporated herein and authorizes preparation of the final budget document, which shall be retained on file in the office of the City Clerk; and

BE IT FURTHER RESOLVED, that the City Council's intent is to retain a designation for encumbrances for goods and services in an amount to be determined upon the final accounting as of June 30, 2021 and authorize the carryover of such appropriations to the ensuing fiscal year; and

BE IT FURTHER RESOLVED, that the carryover of capital appropriations for programs authorized in the FY 2020-21 Annual Budget in an amount to be determined upon the final accounting of June 30, 2021, is hereby authorized provided a request is made by the department/division responsible for the project and if the funding source becomes unavailable for a capital item, the authorization to purchase is automatically rescinded; and it is further noted that other funding sources budgets will reflect the commitments for funding as noted above; and

BE IT FURTHER RESOLVED, that the City Manager, in conjunction with individual department heads and the Finance Director, is directed to control the departmental budgets at the departmental total, and the City Manager is authorized to make line item modifications within each department budget. Modifications shall be reported to the City Council/Agency Board/Authority Board and reflected in the Proposed Budget for the upcoming year; and

BE IT FURTHER RESOLVED, that the FY 2020-21 estimated expenditures reflected in the Proposed Budget for FY 2021-22 constitute the City Manager's report to Council regarding the end of year budget review and that the additional FY 2020-21 budget amendments identified in Exhibit B are hereby approved by the City Council; and

BE IT FURTHER RESOLVED, that the Finance Director is hereby authorized to maintain the orders for six vehicles that were placed in FY 2020-21 for vehicles included in the FY 2021-22 budget; and

BE IT FURTHER RESOLVED, that the Finance Director, through the City Manager, is hereby authorized to approve payment for goods and services received by the City Council/Agency/Authority in accordance with the approved budgets, ordinances, programs, and policies; and

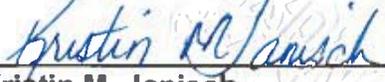

BE IT FURTHER RESOLVED, that the Council shall continue to target to maintain a minimum twenty-five percent reserve level for any unanticipated or emergency spending needs such as an economic downturn and directs that any activity that takes the General Fund below this level shall be described in fiscal impacts to the Council.

Cost Allocation & Transfers

The City of Dixon uses a cost allocation plan to allocate costs to the various funds and departments throughout the organization.

City of Dixon Cost Allocation Factors

All costs are assigned to the department to which the costs are incurred; for example, all finance department staff are charged to the finance department. The costs for the staff are then allocated to the other departments and funds, which are supported by the finance department, based upon a plan prepared by an outside consultant that is updated annually.

An additional part of the cost allocation process is the allocation of charges from central service overhead. These costs are calculated by a cost allocation plan prepared by a consultant.

In addition to the cost allocation there are a number of transfers some of which are for allocating costs and others are for the purposes of providing funding to various programs.

CITY OF DIXON RESOLUTION NO. 21-115

**RESOLUTION OF THE DIXON CITY COUNCIL APPROVING THE CITY'S
INVESTMENT POLICY FOR FY 2021-22**

WHEREAS, the California Government Code notes that a local agency may annually render to the legislative body a statement of investment policy to be considered at a public meeting for funds not required for the immediate needs of the City, though it is not required if no changes are being requested; and

WHEREAS, the City's investment advisor, PFM Asset Management LLC, has reviewed the policy and made no recommendations for changes; and

WHEREAS, the policy was reviewed by the Investment Committee; and

WHEREAS, as per the California Government Code, the City Council shall delegate their investment authority to the City Manager or Finance Director who work with an investment advisory firm for management of the City's investment portfolio for the 2021-22 fiscal year.

NOW, THEREFORE BE IT RESOLVED, that the City of Dixon Statement of Investment Policy for FY 2021-22 attached hereto as Exhibit A is hereby approved and the delegation of investment authority.

Exhibit A

CITY OF DIXON STATEMENT OF INVESTMENT POLICY Fiscal Year 2021-22

Introduction

The City Council of the City of Dixon recognizes its responsibility to properly direct the investments of funds. The purpose of this policy is to provide guidelines for the investment of funds based upon prudent cash management practices and in conformity with all applicable statutes. In instances in which the Policy is more restrictive than Federal or State law, the Policy supersedes.

I. Investments Goals

The City's investment philosophy sets the tone for its policies, practices, procedures and objectives that control the investment function. The investment of funds will be guided by the primary goals of safety, liquidity, diversification, and reasonable market rate of return.

- Safety - the City will undertake investments in a manner that ensures the preservation of capital in the overall portfolio.
- Liquidity - the City will maintain sufficient cash and short-term investment instruments combined with projected revenues to cover the City's cash flow needs
- Diversification - the investment portfolio will be diversified to avoid risk regarding specific security types or individual financial institutions.
- Reasonable Market Rate of Return - the investment portfolio will be designed to attain a market average rate of return through economic cycles that is consistent with the average maturity of its portfolio and the credit quality of its securities.

II. Standard of Prudence

The standard of prudence to be used by investment officials shall be the "prudent investor" standard and shall be applied in the context of managing an overall portfolio. The "prudent investor" standard states that:

"When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency."

III. Scope

The investment policy applies to all financial assets held by the City except employee deferred compensation plans, funds held in trust with the City with specific investments instructions, and any funds held in employee pension plans. The primary guiding investment policy for bond proceeds will be dictated by the bond documents governing such funds as long as the documents are approved by the City Council or related governing board.

Investments representing bond proceeds must be held separately from the pooled investment funds when required by the bond indentures or when necessary to meet arbitrage regulations. If allowed by the bond indentures, or if the arbitrage regulations do not apply, investments representing bond proceeds will be held as part of the pooled investments. In addition, the City may also invest bond proceeds in the State LAIF bond proceeds program.

IV. Delegation of Authority

The City Council's primary responsibilities over the investment function includes establishing investment policies, annually reviewing such policies, reviewing quarterly investment reports issued by the Finance Department, authorizing bond documents and other unique financing transactions, and authorizing any deviations from the City's investment policies. The City Council hereby delegate(s) investment authority to the City Manager or Finance Director, who work with an investment advisor, for a period of one year.

V. Investment Management

If the City has employed an external investment advisor to help manage the portfolio, the investment advisor shall be bound by the list of authorized securities outlined in this policy, the state and local laws and regulations that govern the investment activity of the City, and the following additional parameters.

- Securities should be purchased with the full intent to hold until maturity. However, fluctuations in market rates or changes in credit quality may produce situations where securities may be sold at a loss in order to mitigate further erosion of principal or to reinvest proceeds of sale in securities that will out-perform the original investment. These occasional losses must be considered within the context of the overall investment program objectives and the resultant long-term rate of return. When possible, the investment manager will get prior approval of the City before taking credit-related losses. In any case, the City shall be notified as soon as possible about any credit losses in the portfolio.
- Securities that are downgraded by one or more rating agency to below the ratings required by this Policy do not have to be sold. However, the investment advisor will immediately notify the City of the downgrade. The advisor will prepare a credit report on the downgraded security and forward it to the City.

While the City entrusts its investment portfolio to an advisor, the City retains the right to ultimately make the decisions on how to invest its monies.

Evaluation of Investment Performance

As indicated previously, it is the City's policy to achieve a market rate of return on public funds while minimizing risks and preserving capital. In evaluating the performance of the City's portfolio, the City shall establish an appropriate performance benchmark and compare the total return of its portfolio to the total return of the benchmark.

Authorized Financial Dealers and Institutions

The City shall maintain a list of authorized broker/dealers and financial institutions, which are approved for investments purposes, and it shall be the policy of the City to purchase securities only from those authorized institutions or firms. All financial institutions which desire to become qualified bidders for investment transactions must supply the Treasurer with proof of FINRA registration and a statement certifying that the institution has reviewed the California Government Code Section 53600 *et seq.* and the City's Investment Policy and that all securities offered to the City shall comply fully and in every instance with all provisions of the California Government Code.

If a third party investment advisor is authorized to conduct investment transactions on the City's behalf, the investment advisor may use its own list of approved broker/dealers and financial institutions for investment purposes.

VI. Restrictions on Allowable Investments

The maximum maturity of any specific investment will not exceed the maturity limit established by this policy or expressly permitted by the City Council. State statutory limits will be followed unless the City maturity limits are more restrictive. The term of any investment may not exceed five years without express authority from City Council received at least 90 days preceding purchasing the investment.

The investments made by the City will have the quality standards set forth by the Government Code. This policy sets forth investment quality standards that may be higher than those in the Government Code. When a difference in quality standard occurs, the higher quality standard will be adhered to. The Investment Committee may periodically establish higher quality standards than those set by this policy when it is believed such standards will be beneficial to the City.

The City Treasurer will maintain sufficient liquidity in cash and short term investments which together with projected revenue receipts will meet the cash flow requirements of the City for the upcoming six (6) months. To the extent possible, longer term investment maturities will be spaced so that a portion of such investments mature each year to cover unanticipated emergencies.

All bank deposits will be FDIC insured or deposited with institutions which comply with the State collateral requirements for public funds. Certificate of deposits will not be placed with an institution once it has received a cease and desist order from any bank regulatory agency.

VII. General Portfolio Allowable Investments with Quality and Limit Guidelines

The California Government Code sections 53600 *et seq.* govern the allowable investments a local government agency can enter into. The Government Code requirements are a starting point for establishing the City quality standards, percentage limits and maturity levels. Presently, this policy exceeds the standards set forth by the State. In the event the Government Code becomes more restrictive than this policy, the Government Code restrictions shall prevail. Where this Policy specifies a percentage limitation for a particular security type or issuer, that percentage is applicable at the time the security is purchased. Credit criteria listed in this section refers to the credit rating at the time the security is purchased.

VIII. Prohibited Investment Transactions and Derivatives

The Government Code specifically prohibits certain types of investment instruments for municipalities. In addition to those prohibitions, the following investments are not permitted: reverse repurchase agreements, non-agency collateralized mortgage obligations, commodities,

common stock, corporate bonds of more than 5 years, first mortgages or trust deeds (except for loans done through the HUD CDBG loan programs) and foreign currency.

IX. Safekeeping and Delivery of Securities

All investment transactions of the City will be conducted using standard delivery versus payment procedures. Third party safekeeping is required for all investments. However a banking institution may use its trust department for safekeeping of investments as long as the securities are held in the City's name.

The City will utilize a third party custodian for the holding of investments. A financial institution which sells investment instruments to the City may have its trust department hold such investments as long as the instruments are held in the City's name. Custodian banks will be selected on the basis of their ability to provide services for the City's account and the competitive pricing of their safekeeping related services.

X. Reporting

Each quarter, the Treasurer will submit a report to the City Council indicating the portfolio is in compliance with the adopted investment policy, or manner in which the portfolio is not in compliance. It should also be stated that the City has the ability to meet its investment pool's expenditure requirements for the next six months, or provide an explanation as to why insufficient funds may not be available. Additional detailed information as required by law including, but not limited to:

- * the type of investment
- * the issuer of the investment
- * maturity date
- * coupon, discount and/or yield rate
- * par amount, dollar amount invested and market value of the investment
- * percentage of the portfolio represented by each investment

XI. Internal Controls

The City Council, after considering the recommendations of the Investment Committee, is responsible for establishing and maintaining an internal control structure designed to ensure that the financial assets of the City of Dixon are protected from loss, theft, negligence, over-reliance on a single employee for investment decisions, controls transactions and recording and reporting.

XII. Conflicts of Interest

Elected officials and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment function or which may

impair their ability to make impartial investment decisions. Employees and investment officials shall subordinate their personal investment transactions to those of the City.

XIII. Policy Review

The policy shall be reviewed annually by the City's Investment Committee and any modifications made thereto must be approved by the Committee and the City Council.

XIV. Glossary of Terms

Terms that are used in this Policy or frequently used in connection with the investments made by public agencies are defined in the attached Appendix.

APPENDIX - GLOSSARY OF TERMS

Accrued Interest - Interest earned but not yet received.

Active Deposits - Funds which are immediately required for disbursement.

Amortization - An accounting practice of gradually decreasing (increasing) an asset's book value by spreading its depreciation (accretion) over a period of time.

Arbitrage – Transactions by which securities are bought and sold in different markets at the same time for the sake of the profit arising from a yield difference in the two markets.

Asked Price - The price a broker dealer offers to sell securities.

Bankers Acceptance (BA) - A draft or bill or exchange accepted by a bank or a trust company. The accepting institution guarantees payment of the bill, as well as the issuer.

Basis Point - One basis point is one hundredth of one percent (.01%).

Bid Price - The price a broker dealer offers to purchase securities.

Bond - A financial obligation for which the issuer promises to pay the bondholder a specified stream of future cash flows, including periodic interest payments and a principal repayment.

Book Value - The value at which a debt security is shown on the holder's balance sheet. Book value is acquisition cost less amortization of premium or accretion of discount.

Broker - A broker brings buyers and sellers together for a commission. He does not take a position.

Callable Securities – Bonds that the issuer has the right to redeem prior to maturity under certain, specified conditions.

Certificate of Deposit - A deposit insured by the FDIC at a set rate for a specified period of time.

CMO's – abbreviation for collateralized mortgage obligations a type of debt security that repackages and directs the payments of principal and interest from a collateral pool to different types and maturities of securities.

Collateral - Securities, evidence of deposit or pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposit of public monies.

Commercial Paper – Short-term, negotiable unsecured promissory notes of corporations.

Corporate Notes - Obligations issued by corporations bearing interest and return of principal at maturing.

Coupon - The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value.

Credit Analysis - A critical review and appraisal of the economic and financial conditions or of the ability to meet debt obligations.

Current Yield - The interest paid on an investment expressed as a percentage of the current price of the security.

Custody (Safekeeping) - A banking service that provides safekeeping for the individual securities in a customer's investment portfolio under a written agreement which also calls for the bank to collect and pay out income, to buy, sell, receive and deliver securities when ordered to do so by the principal.

Dealer - A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

Debenture - A bond secured only by the general credit of the issuer.

Delivery Versus Payment - There are two methods of delivery of securities: delivery versus payment and delivery versus receipt. Delivery versus payment is the delivery of securities with an exchange of money for the securities. Delivery versus receipt is the delivery of securities with an exchange of a signed receipt for the securities.

Discount - The difference between the cost of a security and its value at maturity when quoted at lower than face value. A security selling below original offering price shortly after sale also is considered to be at a discount.

Discount Securities - Non-interest bearing money market instruments that are issued at a discount and redeemed at maturity for full face value (e.g., U. S. Treasury Bills).

Diversification - Dividing investment funds among a variety of securities offering independent returns and risk profiles. The technique is used to minimize risk to the City's portfolio.

Fannie Mae - Trade name for the Federal National Mortgage Association (FNMA), a U. S. sponsored corporation.

Federal Deposit Insurance Corporation (FDIC) - A federal agency that insures bank deposits, currently up to \$250,000.

Federal Funds Rate - The rate of interest at which Fed funds are traded. This rate is currently pegged by the Federal Reserve through open-market operations.

Federal Home Loan Banks (FHLB) - The institutions that regulate and lend to savings and loan associations. The Federal Home Loan Banks play a role analogous to that played by the Federal Reserve Banks vis a vis member commercial banks.

Federal Reserve System - The central bank of the U.S. which consists of a seven member Board of Governors, 12 regional banks, and 5,700 commercial banks that are members.

Fed Wire - A wire transmission service established by the Federal Reserve Bank to facilitate the transfer of funds through debits and credits of funds between participants within the Fed system.

Freddie Mac - Trade name for the Federal Home Loan Mortgage Corporation (FHLMC), a U.S. sponsored corporation.

Ginnie Mae - Trade name for the Government National Mortgage Association (GNMA), a direct obligation bearing the full faith and credit of the U. S. Government.

IADB – abbreviation for Inter-American Development Bank, an international organization that is the largest source of development financing for Latin America and the Caribbean.

IBRD – International Bank for Reconstruction and Development

IFC – International Finance Corporation

Inactive Deposits - Term no longer in use. It has been replaced with “funds not required for the immediate needs of the City.”

Interest Rate - The annual yield earned on an investment, expressed as a percentage.

Investment Agreements - An agreement with a financial institution to borrow public funds subject to certain negotiated terms and conditions concerning collateral, liquidity and interest rates.

Investment Committee – A committee established by the City Council to oversee the City's investment program. It is made up of one Councilmember, the City Treasurer, the City Manager, and the Finance Director.

Liquidity - Refers to the ability to rapidly convert an investment into cash. A liquid asset is one that can be converted easily and rapidly to cash without a substantial loss of value.

Local Government Investment Pool - The aggregate of all funds from political subdivisions that are placed in the custody of the State Treasurer for investment and reinvestment. In California, the pool is called the Local Agency Investment Fund (LAIF).

Market Value - The price at which a security is trading and could presumably be purchased or sold.

Mark-to-Market – Adjustment of an account or portfolio to reflect actual market price rather than book price, purchase price or some other valuation. Adjustment is required under GASB #31 for reporting purposes.

Maturity - The date upon which the principal or stated value of an investment becomes due and payable.

Money Market - The market in which short-term debt instruments (bills, commercial paper, bankers acceptances, etc.) are issued and traded.

Mutual Funds – An investment company that pools money and can invest in a variety of securities, including fixed-income securities and money market instruments.

RESOLUTION NO. 21-132

**RESOLUTION OF THE DIXON CITY COUNCIL ADOPTING THE
5-YEAR CAPITAL IMPROVEMENT PROGRAM (CIP)
FOR FISCAL YEARS 2021/22 THROUGH 2025/26**

WHEREAS, Government Code Section 65401 and the City of Dixon General Plan require the City to prepare a comprehensive list of capital projects necessary to implement the General Plan; the Five-Year CIP has been prepared per these requirements using the 1993 General Plan, and is presented to the Commission and Council for review and action; and

WHEREAS, the 1993 General Plan was utilized to evaluate the CIP for two reasons 1) the timeline for CIP adoption required this CIP to be updated and prepared prior to completion and adoption of the 2040 General Plan, and 2) when the CIP was being prepared, it was unknown whether the new 2040 General Plan would be immediately adopted or possibly delayed

WHEREAS, knowing the CIP cannot be delayed waiting for adoption of a new General Plan, staff made the decision to move forward with the current CIP based on the 1993 General Plan; and

WHEREAS, it is expected the current CIP will be significantly revised over the next two Fiscal Years to meet the General Plan 2040 requirements; and

WHEREAS, the Planning Commission is responsible for reviewing the Five-Year CIP for conformity with the City's General Plan; and

WHEREAS, the projects were prepared in accordance with the General Plan and government code requirements, and were confirmed for general plan conformance by the Planning Commission on June 8, 2021 (Resolution 21-012); and

WHEREAS, the CIP was also presented to the Parks and Recreation Commission in March 2021 and Transportation Advisory Commission in April 2021 for project support; and

WHEREAS, the proposed 5-Year CIP includes a total of 126 projects including the 27 new projects, spans over the next five years, reflects the adopted FY 2021/22 budget, and totals approximately \$260 million; and

WHEREAS, implementation of projects in Years 2-5 may change as funding estimates are updated each year and are subject to the allocation of funding in the annual budget for several projects listed, the timeline and funding sources have not yet been identified; and

WHEREAS, environmental review of each project will be considered at a later date in accordance with California Environmental Quality Act ("CEQA") Guidelines.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DIXON:

- 1) The 5-year CIP for Fiscal Years 2021/22 through 2025/26 is hereby adopted per conformance to the City of Dixon 1993 General Plan goals and policies; and

About Dixon

Tucked in amidst the agriculture belt along the Interstate 80 corridor between San Francisco and Sacramento lies the community of the City of Dixon. Offering a great place for travelers to stop for a roadside break, but more so a community of neighborhoods great for small businesses, and families alike. The picturesque parks, excellent schools, and a mild climate, surrounded by open spaces offers limitless possibilities and make Dixon “ideally situated” for growth.

A little bit of Dixon’s history – a timeline

- 1852 – the Gold Rush Days
 - First settlement in 1852 by Elijah S. Silvey
 - Silvey opened a “half-way house” as an alternate to creating his fortune, rather than panning and digging
 - By 1865, the community of Silveyville was established with a population of 150
- 1870 – Relocation
 - Under the leadership of a local minister, Thomas Dickson, and the help of a cabinet maker, Peter Timm, the residents relocated to a site closer to railroad tracks while the California Pacific Railroad tracks were underway, today known as the Downtown Dixon area
 - Dickson donated 10 acres of his land and the city became named Dicksonville
- 1872 – Name change - first shipment by rail arrives and was mislabeled as “Dixon”
- 1878 – Dixon becomes incorporated as a City, March 30th
- 1883 – Fire (and gusty winds) nearly levels town
- 1885 – Horseracing and baseball among the favorite pastimes
 - Dixon Driving Park Association purchases 20 acres for horse racing and pavilion, later to become the May Fair grounds
 - May Fair grounds – the longest running fair in the state of California
- 1892 – Earthquake – severe damage to brick buildings; two fires averted quickly due to new fire hydrants
- 1899 – Capital Hotel opens on First and A Streets
- 1908 – Dawson’s Cigar Store first to serve beer in Dixon
- 1909 – Dixon Chamber of Commerce established; May Day Fair celebrations begin first weekend of May
- Early 1900’s – Dixon also known as “The Dairy City”

- 1919 – Dixon “Milk Farm” emerged; Karl A. Hess relocated his farm and cabin rentals near Currey road offering travelers a fun and inexpensive stop
- 1930 – Dixon was considered a candidate for a University of California campus, but lost out to the then Davisville
 - Nearby UC Davis - known worldwide not just for its research and agriculture, but also for achievements in medicine, law and environmental sciences
- 1940’s and 50’s – Dixon becomes known as Lambtown because of sheep productions
 - Superior Farms purchased Marks Meats in the 1980’s and is a major employer in Dixon
 - Lambtown festival held annually at fairgrounds since the 80’s

Today’s Community

Dixon is a working class community of over 20,000 committed to family values, balanced growth, and is regarded as a wonderful place to raise children. The historic town center and May Fair fairgrounds are symbolic of Dixon’s small town charm, agricultural history, and healthy business climate. The local economy embodies farming and agriculture, but it’s an emerging 21st century community with a rapidly diversifying tax base. Wal-Mart, Ace Hardware, Cardinal Health, Campbell Soup Supply, and Altec Industries have all established major facilities in the community. The 600 acre Northeast Quadrant is being equipped with water so as to be “Shovel Ready” to attract interest in research, development, retail, office, and manufacturing.

The City of Dixon offers a unique combination of an outstanding location, safe environment, desirable housing, excellent schools, friendly people and a town with strong community values. Dixon can be best characterized as a progressive city that seeks excellent development, with a desire to maintain and enhance those “quality of life” characteristics that are part of its history and agricultural heritage. Dixon is located in the northeast portion of Solano County 19 miles southwest of Sacramento and 70 miles northeast of San Francisco. In this ideal location, Dixon enjoys convenient access to the San Francisco Bay Area, Sacramento and Lake Tahoe, and to institutions of higher learning such as the University of California, Davis and the California State University, Sacramento.

Dixon collaborates extensively with other local governmental entities, such as Solano County, the Dixon Unified School District, the Library District, the Dixon Mayfair, Solano Irrigation District, a Regional Fire District, several drainage districts and assessment districts to ensure that Dixon includes a variety of community services and amenities that allow its residents to proudly-call Dixon their home.

The Dixon Mayfair provides a family-fun annual event for both Dixon community members and visitors. This fair is the State’s longest running fair having began in 1876, and provides

traditional country fair activities such as livestock exhibits, judging, entertainment and concessions.

Government

Dixon is a General Law City that is governed by a five member City Council including a directly elected Mayor. The Councilmembers are district elected while the Mayor is selected citywide. All serve overlapping four year terms. The City Clerk and City Treasurer are also elected positions with a four year terms.

The City Council appoints both the City Manager and the City Attorney, who both serve at the pleasure of the Council. The City Manager has the authority to appoint all other Department Heads subject to the ratification of the City Council. The City Manager oversees a full service City with a workforce of approximately 133.15 FTEs and a current General Fund Budget of approximately \$25.87 million.

The City provides a full range of services ranging from police and fire protection to public works, water and wastewater services and an active parks and recreation program. The City provides its services through a number of areas, including City Clerk, Community Development, Economic Development, Engineering, Finance, Fire, Human Resources, Police, Public Works, and Recreation and Community Services. The City also operates a Senior Center and a public transportation system.

Glossary

Glossary of Budget Terms

Accounting System

The total set of records and procedures which are used to record, classify and report information on the financial status and operations of an entity.

Accrual Basis of Accounting

The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at that time) and expenditures are recorded when goods and services are received (whether or not cash disbursements are made at that time).

Appropriation

An authorization made by the City Council of the City of Dixon which permits officials to incur obligations against and make expenditures of governmental resources. Appropriations are usually made for fixed amounts and typically are granted for a one-year period.

Assessment District

A defined area of land that will be benefited by the acquisition, construction, or maintenance of a public improvement.

Assessed Valuation

The appraised valuation less any exemptions on real estate or other property by the County of Solano as a basis for levying property taxes.

Audit

A systematic examination of resource utilization concluding in a written report. It is a test of management's internal accounting controls and is intended to:

- Ascertain whether financial statements fairly present financial position as a result of operations
- Test whether transactions have been legally performed
- Identify areas for possible improvements in accounting practices and procedures
- Ascertain whether transactions have been recorded accurately and consistently
- Ascertain the stewardship of officials responsible for governmental resources

Base Budget

Under traditional budgeting, the base budget is that amount that is required, at a minimum, to provide resources for the operations of the organization. Each year, approved amounts are added to the base budget.

Beginning Balance

Unencumbered resources available in a fund from the prior fiscal year after payment of prior fiscal year expenditures.

Bond

Capital raised by issuing a written promise to pay a specified sum of money, called the face value or principal amount, with interest at predetermined intervals.

Budget

A plan of financial operation embodying an estimate of proposed expenditures for a given time (usually a fiscal year) and the proposed means of financing them (revenue estimates). This term is sometimes used to describe the officially approved expenditure level under which the City of Dixon and its departments operate. The budget must be approved by the City Council prior to the beginning of the fiscal year.

Budget Calendar

The schedule of key dates or milestones that the City of Dixon follows in the preparation and adoption of the Budget.

Budget Document

The official written statement prepared by the Finance Department and supporting departments and staff that presents the proposed budget to the City Council.

Budget Message/Transmittal Letter

A general discussion of the proposed budget presented in writing as part of the budget document. The budget message explains the principal budget issues against the background of financial experience in recent year and presents recommendations by the City Manager.

Budgetary Control

The management of the City of Dixon in accordance with the approved budget for the purposes of keeping expenditures within the limitation of the available appropriations and available revenues.

Capital Assets

Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

Capital Budget

A plan of proposed capital expenditures and the means of financing them.

Capital Improvement Projects

A plan for capital expenditures to be incurred each year over a fixed period of several years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount to be expended each year and the method of financing those expenditures.

Capital Outlay

Expenditures for the acquisition of capital assets.

Capital Projects

Projects that purchase or construct capital assets. This could include the purchase of land or the construction of a facility.

Cash Basis

The method of accounting under which revenues are recorded when received in cash and expenditures are recorded when paid.

Contingency

Resources set aside to be used at the discretion of the City Council to fund emergency or extraordinary items.

Cost

The amount of money or other consideration exchanged for property, services or expenses.

Debt Service

The expense of retiring such debts as loans and bond issues. It includes principal and interest payment and the administrative costs for paying agents registrars, and escrow agents.

Deficit

The excess of expenditures over revenues during an accounting period, or in the case of enterprise funds, the excess of expense over income during an accounting period.

Department

An organizational unit comprised of divisions or functions. It is the basic unit of service responsibility encompassing a broad mandate of related activities.

Depreciation

That portion of the cost of a capital asset that is charged as an expense during a particular period.

Development Impact Fees

Fees placed on the development of land or condition required for the approval of a development project. Fees must be expended on those projects for which the fees were collected.

Division

A major section of a department indicating management responsibility for a group of related operations within that department.

Encumbrance

A commitment of funds against an appropriation, it may be in the form of a purchase order or contract; until such time as the goods or services are received, the commitment is referred to as an encumbrance.

Enterprise Fund

A type of fund established for the total cost of those governmental facilities and services that are operated in a manner similar to private enterprise. The programs are entirely or predominately self-supporting. The City enterprise funds include the Wastewater, Transit, and Water Funds. This type of fund is also known as a Proprietary Fund.

Expenditure

Where accounts are kept on the accrual or modified accrual basis of accounting, the cost of goods received or services rendered, whether cash payments have been made or not. Where accounts are kept on a cash basis, expenditures are recognized only when the cash payments for the above purchases are made.

Expenses

Decreases in net total assets. Expenses represent the total cost of operations during a period, regardless of the timing of related expenses.

Fees

Charges for services that are based upon the cost of providing the service.

Fiscal Year

A twelve-month period of time to which a budget applies. The City of Dixon's fiscal year is July 1-June 30.

Full Faith and Credit

A pledge of the general taxing power of a government to repay debt obligations. (Usually used in reference to bonds.)

Full-Time Equivalent (FTE)

A measure of effective authorized positions, indicating the percentage of time a position or group of positions is funded. It is calculated by equating 2,080 hours of work per year with the full-time equivalent of one position. One position would have an FTE of 1.0, while an FTE of .50 indicates the position is half-time.

Fund

An independent fiscal and accounting entity with a self balancing set of accounts, used to record all financial transactions related to the specific purpose for which the fund was created.

Fund Balance

The difference between fund assets and fund liabilities.

Gas Tax

A tax on fuel used to propel a motor vehicle or aircraft. Its use is restricted to planning, construction, improvement, maintenance and operation of public streets and highways or public mass transit guide ways.

General Fund

The governmental accounting fund supported by property taxes, licenses and permits, service charges, and other general revenues to provide for operating services.

General Obligation Bonds

Bonds backed by the full faith and credit of the City that may be used for various purposes and repaid by the regular revenue raising powers (generally taxes and/or other general revenues) of the City.

Goal

A statement that describes the purpose toward which an endeavor is directed, such as a target or target area.

Grant

Contributions or gifts of cash or other assets from another governmental entity or foundation to be used or expended for a specific purpose, activity or facility. An example is the Community Development Block Grant provided by the federal government.

Interfund Transfers

Money transferred from one fund to another such as from a fund receiving revenue to the fund through which the expenditures are to be made.

Internal Service Fund

Funds used to account for the financing of goods or services provided by one department of an agency to other departments of the agency on a cost reimbursement basis.

Levy

The total amount of taxes, special assessments, or charges imposed by a government.

Material, Supplies and Services

Expenditures for items that are normally consumed within a fiscal year.

Memorandum of Understanding (MOU)

The result of labor negotiations between the City of Dixon and its various bargaining units.

Motor Vehicle License Fee (VLF)

Based on the market value of a vehicle, VLF is a fee for the privilege of operating a vehicle on public streets. A portion of the fee is returned to cities by the State and its use by a city is unrestricted.

Objective

A defined method to accomplish and establish goals.

Operating Budget

Annual appropriation of funds for ongoing program costs, including salaries and benefits, services and supplies. This is the primary means by which most of the financing, acquisition, spending and service delivery of the city are controlled.

Ordinance

A formal legislative enactment by the City Council. It has the full force and effect of law within the City boundaries.

Other Post-Employment Benefits (OPEB)

Benefits an employer offers to retirees as compensation for past services. Cost is financed on a "pay-as-you-go" basis as funds have not been set-aside to advance fund. OPEB typically refers to health care benefits.

Pavement Management Technical Assistance Program (P-TAP)

Provides jurisdictions with assistance and expertise in implementing and maintaining a Pavement Management System (PMS) and in engineering design for pavement rehabilitation projects.

Public Employees' Retirement System (PERS)

The retirement system administered by the State of California, to which all permanent City employees belong.

Reserve

An account used to indicate that a portion of a fund's balance is restricted for a specific purpose and is therefore, not available for general appropriation.

Resolution

A special order of the City Council that has a lower legal standing than an ordinance.

Resources

Total dollars available for appropriations, including revenues, fund transfers, and beginning fund balances.

Retained Earnings

The excess of an enterprise fund's assets over its liabilities. A negative retained earnings is sometimes called a deficit.

Revenue

Funds that a city receives as income. Revenues include such items as taxes, licenses, user fees, service charges, fines and penalties and grants.

Revenue Estimate

A formal estimate of how much revenue will be earned from a specific revenue source for some future period, usually a future fiscal year.

Salaries and Benefits

A budget category that generally accounts for full-time and temporary employees, overtime and all employee benefits, such as medical and dental insurance and retirement contributions.

Special Assessment

A compulsory levy imposed on certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

Stipend

A fixed sum of money paid for a specific purpose.

Successor Agency

Effective February 2, 2012, former activities of the Dixon Redevelopment Agency transferred to the Successor Agency due to the dissolution of redevelopment.

Surplus

Excess total current resources over total current requirements.

Tax Base

The total property valuations on which the City of Dixon receives property taxes.

Tax Increment Financing

A tax incentive designed to attract business investment by dedicating to the project area the new property tax revenues generated by redevelopment. The increase in revenues (increment) is used to finance development related costs in the project area.

Transfers In and Transfers Out

The movement of revenue out of one fund to another. The recipient fund uses the money to cover the cost of services provided, or to cover the cost of a contract between two funds.

Warrant

An order drawn by a locality's officers directing the treasurer of the locality to pay a specified amount to the bearer, either after the current or some future date.

Working Capital

Net liquid assets computed by deducting current liabilities from current assets.
