# 39TH ANNUAL NATIONAL NIGHT OUT

---

On Tuesday, August 2nd, neighborhoods throughout Dixon are invited to join forces with thousands of communities nationwide for the “39th Annual National Night Out” (NNO) crime and drug prevention event. National Night Out is sponsored by the National Association of Town Watch (NATW) and co-sponsored locally by The Dixon Police Department. This event will involve over 17,000 communities from all 50 states, U.S. territories, Canadian cities, and military bases around the world.

National Night Out is designed to (1) Heighten crime and drug prevention awareness; (2) Generate support for, and participation in, local anticrime efforts; (3) Strengthen neighborhood spirit and police-community partnership; and (4) Send a message to criminals letting them know neighborhoods are organized and fighting back.

From 6pm to 9pm on August 2nd, residents in neighborhoods throughout Dixon and across the nation, are asked to lock their doors, turn on outside lights and spend the evening outside with neighbors, police, and fire. Many neighborhoods throughout Dixon will be hosting a variety of special events such as block parties, cookouts, visits from police and fire, and youth activities.

As part of National Night Out, staff from City Departments and Councilmembers will join police and fire to visit registered neighborhood block parties throughout the City.

The last day to register for a National Night Out block party is Friday, 7/29/22. Registration forms are available on The Dixon Police Department Website:

# HAPPY PARKS & RECREATION MONTH!

---

Since 1985, people in the United States have celebrated Park and Recreation Month in July to promote building strong, vibrant and resilient communities through the power of parks and recreation and to recognize the more than 160,000 full-time park and recreation professionals – along with hundreds of thousands of part-time and seasonal workers and volunteers – that maintain our country's local, state and community parks.

The services that park and recreation professionals provide are vital for our communities – from protecting open space and natural resources to helping fight obesity and providing activities and resources for all people. This has been especially true throughout the COVID-19 pandemic. Park and Recreation Month encourages everyone to reflect on the exponential value park and recreation professionals bring to communities.

The City of Dixon is celebrating Parks and Recreation Month and thanks all of our staff for their hard work in maintaining our parks and recreation programs! Help us celebrate by visiting your favorite park and sharing a photo to social media- don't forget to tag us!
