FIREWORKS SAFETY

Celebrate 4th of July safely this year, and avoid fines for illegal fireworks. The Dixon Municipal Code allows for the sale of safe and sane fireworks from June 28th to July 4th and the possession, and use of safe and sane fireworks during a specified time from June 28th through July 6th of each calendar year.

Fireworks that explode, shoot through the air, move along the ground, including skyrockets, bottle rockets and firecrackers of all types are never permitted. A violation of the Fireworks Ordinance is punishable by the issuance of an administrative citation with an accompanying administrative fine up to \$1,000.

KEEP YOUR FAMILY SAFE IN AN EMERGENCY- REGISTER FOR COMMUNITY CONNECT

The Dixon Fire Department has been working closely with technology partner First Due to implement Community Connect, an application focused on protecting residents and their property in the most effective way possible during an incident or major disaster.

Community Connect is a secure, easy to use platform that allows residents to share critical information about their household in order to aid first responders and emergency service personnel to respond more efficiently and effectively; ultimately resulting in better incident outcomes.

In addition to the residential portal, Community Connect also helps business owners and property managers keep people at their commercial properties safe by giving First Responders access to critical documents such as evacuation procedures, occupant rosters, hazardous material lists and more.

Additionally, designated contacts at properties that joined the program will receive immediate alerts via text message when First Responders are dispatched to the building address. Register today:
