## **Construction and Demolition Recycling**

### **Community Development Department Building Division**

**600 East A Street Dixon, CA 95620**

## Construction and Demolition (C&D) Debris

Under State Law, all C&D Projects must recycle or reuse 65% of their waste debris.

- If you self-haul your debris; you must provide documentation (weight receipts) showing that your debris were recycle and not buried in a landfill.
- If you have your service provider haul your waste, please contact your appropriate service provider for additional information and pricing.

## Procedures

Step 1	Decide whether to self-haul your C&D waste or use a Recycling provider in your area. <ul style="list-style-type: none"><li>• If you use your service provider, complete Form A</li><li>• If you haul materials yourself, complete Form B.</li></ul>
Step 2	Fill out the appropriate C&D Debris Diversion Plan form and submit it to the Building Division with the building permit application .
Step 3	For Recology Haul: Fill out ( <b>Form A</b> ) of the C&D Diversion Report Form or use Recology third party reporting company (Sierra Waste.)
Step 4	For Self Haul: Fill out ( <b>Form B</b> ) and Recycle the C&D debris generated from your project and save the weight receipts from the land fill/transfer station.
Step 5	Submit your C&D Diversion Report Form and the weight receipts <b>BEFORE</b> scheduling your final inspection. Completed C&D Report forms and receipts may be submitted to the City of Dixon Building Division office.

## Where to recycle waste materials from my project if I decide to self-haul?

**Note: Please contact the provider before you take your recycleables as each provider is independantly operated and are not affiliated with the City of Dixon . The following providers policies and availability for mixed C and D waste are subject to change without notice.**

**Receipts showing recycled content percentages are required to be verified by the City of Dixon prior to final inspection per the 2025 CALgreen Building Code.**

### **Fairfield**

Concrush

2216 Cement Hill Road, Suite E, Fairfiled

(707) 437-1239

Devlin Road Recycling & Transfer Facility

889 Devlin Road, American Canyon, CA 94503

(707) 258-9005

## Resource List

CALgreen Construction Waste Reduction Requirements	
Occupancy	Requirements and applications (as of 2019 Triennial Edition)
Non-Residential Compliance Methods	65% C&D Waste Diversion or 2 lbs/ft <sup>2</sup> disposal (5.408.1) and may be required to submit a construction waste management plan (5.408.1.1) or utilize a waste management company (5.408.1.2)
New Construction	Permitted Structures
Demolition	Permitted Structures
Additions	Non-Residential Building Additions 1,000ft <sup>2</sup> or Greater
Alterations	Building Alterations with Permit Valuation of \$200,000 or above
Isolated Jobsites	Alternate waste reduction methods may apply (see "Exceptions to 5.408.1.1 and 5.408.1.2")
Tier 1	65% Construction and Demolition Waste Diversion
Tier 2	80% Construction and Demolition Waste Diversion
Residential Compliance Methods	65% C&D Waste Diversion and may be required to submit a construction waste management plan (4.408.2) or utilize a waste management company (4.408.3)
Low-Rise- 3 stories or less	65% C&D Waste Diversion or 4 lbs/ft <sup>2</sup> disposal
High-Rise-4 stories or more	65% C&D Waste Diversion or 2 lbs/ft <sup>2</sup> disposal
New construction	Permitted Structures
Demolition	Permitted Structures
Additions	Yes
Alterations	Yes
Tier 1	65% C&D Waste Diversion
Tier 2	80% C&D Waste Diversion
<p><b>CALGreen applies to projects that require a permit from a local agency.</b></p> <p>Every three years the California Building Standards Commission adopts new and/or updated model codes. Effective January 1, 2019, CALGreen mandates permitted new residential and non-residential building construction, demolition and certain additions and alteration projects to recycle and/or salvage for reuse a minimum 65 percent of the non-hazardous construction and demolition waste generated during the project (CALGreen Standards Code sections ( 301.1.1 and 301.3 4.408, 4.408.1, 4.408.2, 4.408.3 &amp; 5.408.1.1, 5.408.1.2 or 5.408.1.3 )</p> <p>New construction and demolition projects with a combined weight of construction and demolition waste disposed of in landfills, which do not exceed 3.4 lbs per square foot of the building area shall meet minimum 65 percent construction waste reduction requirement in Section 4.408.1</p> <p>Additions to non-residential buildings or structures of at least 1,000 square feet or alterations with an estimated construction cost of at least \$200,000 shall divert from landfills at least 65 percent of nonhazardous C&amp;D materials. Additions and alterations to residential buildings that increase the structure's conditioned area, volume or size are also required to meet the 65 percent minimum diversion requirement.</p>	

## FORM A

# CONSTRUCTION & DEMOLITION DEBRIS DIVERSION PLAN

**\*\*Use of Solano County Hauler\*\***

Applicant to submit completed Plan as part of the building permit application before permit approval to:  
600 East A Street, Dixon, CA 95620 or Building Division [buildingdivision@cityofdixonca.gov](mailto:buildingdivision@cityofdixonca.gov)

(Check one box)

☐ Pre-Construction Plan

☐ Pre-Demolition Plan

Today's Date:	
Owner/ Applicant Name:	
Project Address:	
Type of Project: (Example Demo, bath remodel, res. addition)	
Telephone:	Email:

Project Type: (Check one box)

☐ Single-Family Project

☐ Multi Family Project

☐ Commercial Project

Check to confirm your acceptance of each requirement :

☐ I will order C&D debris bins for this project from an authorized Solano County hauler.

☐ I will ask the hauler to haul the C&D debris from this project to be recycled at an authorized recycling center.

☐ I will put forth a good faith effort to ensure that a minimum of 65% of the C&D debris from this project will be recycled.

☐ I certify that my project will not generate any non-hazardous construction and/or salvage for reuse materials.
