Residential Production Home Solar Permit

Please visit the city Civic Access Portal [City of Dixon, CA](#) and log-in or create an account. You can review detailed instructions at [Welcome to the Official Website of the City of Dixon, CA - Forms, Fees, and Permits](#). **NOTE: There are five options for this requirement**

Select [Apply for a Permit](#) and then chose from the permit types below

Option 1

Photovoltaic (Residential) New (less than 15 kW)

Category Name:
BUILDING - RESIDENTIAL
PERMITS

Description:
This permit type is for Photovoltaic (Residential) New installations. This permit type is limited to 15kW maximum and the fees are subject to AB1124.

Apply

Option 2

Photovoltaic (Residential) New (more than 15 kW)

Category Name:
BUILDING - RESIDENTIAL
PERMITS

Description:
This permit type is for Photovoltaic (Residential) New installations. This permit type is for permits above 15kW and the fees are subject to AB1124.

Apply

Option 3

Electrical (Residential) ESS System (Battery)

Category Name:
BUILDING - RESIDENTIAL
PERMITS

Description:
The addition, repair, alteration or installation of an Energy Storage System that serves a Residential building, structure or property. Residential load calculations and/or Title 24 analysis may be required.

Apply

Option 4

Solar App (Solar Only)

Category Name:
BUILDING - RESIDENTIAL
PERMITS

Description:
City of Dixon is implementing a new optional process for solar contractors to apply for and obtain building permits for qualifying residential rooftop solar systems within the Dixon City Limits. This process is designed to issue permits faster than our existing process by using software called SolarAPP to review the permit application for building code compliance. Once the application has been approved through the SolarAPP website, a building permit application can be submitted through the Citizen Self Service page. <https://dixonca-energovweb.tylerhost.net/apps/selfservice#/home>

Apply

Option 5

Solar App (Solar w/ESS Battery SolarApp)

Apply

Category Name:
BUILDING - RESIDENTIAL
PERMITS

Description:
City of Dixon is implementing a new optional process for solar contractors to apply for and obtain building permits for qualifying residential rooftop solar systems within the Dixon City Limits. This process is designed to issue permits faster than our existing process by using software called SolarAPP to review the permit application for building code compliance. - If the new production home will be equipped with Solar only then please use option 1,2 or 4
- If the new production home will be equipped with Solar and ESS then please use the options as follows;

Option 1 + Option 3 OR

Option 2 + Option 3 OR

Option 5

NOTE 1: There will not be additional ESS fees applied for homes with Solar and ESS. The Dixon permit technician will remove the fees for ESS when using option 3 in conjunction with related solar. The additional ESS permit will be used for reporting and inspection purposes only.

NOTE 2: In the event that SolarAPP+ requires a current (recognized) address to participate in their plan review process please use the non SolarAPP+ permits available at the Civic Access Portal (options 1,2, and 3).
