Home Occupation Permits

The City of Dixon Zoning Ordinance permits the conduct of a business in residential districts (Section 18.30). The standards for Home

Occupation Permits are intended to seek a balance between supporting a quiet, safe, and aesthetic residential environment while supporting the aspirations of home-based entrepreneurs. Business activities, which do not meet the Home Occupation regulations in the City of Dixon Zoning Ordinance, Sections 18.30.010 through 18.30.090, must locate in commercial or industrial areas.

Definition

A Home Occupation is defined as a business conducted as an accessory activity within a living unit; which uses a residential address and does not need a commercial address; which primarily involves the use of the home address and telephone for business contacts; which may be conducted within a residential dwelling without in any way changing the appearance or conditions of the residence and neighborhood, subject to the regulations found in the City of Dixon Zoning Ordinance.

Home Occupations shall comply with the following regulations per City of Dixon Zoning Ordinance Section 18.30.020:
